Citrix Cloud on Azure Readiness: 2-Week Assessment

About RSM:

RSM, with over 51,000 people in 123 countries, delivers the power of being understood to our clients, colleagues and communities through world-class audit, tax and consulting services tailored to meet the unique needs of middle market businesses.

What we offer

RSM US LLP is a leading provider of Citrix Cloud on Azure consulting services, offering expert guidance and support to help you optimize your Citrix deployment in the cloud. Our team of certified Citrix professionals has extensive experience deploying, managing, and supporting Citrix Cloud on Azure, and we can help you maximize the benefits of this powerful platform. RSM's Citrix Cloud on Azure Readiness Assessment can help you plan your path to an Azure based Citrix desktop as a service (DaaS) model.

RSM provides a comprehensive implementation plan based on proven migration strategies and incorporates critical elements of your governance and operations as needed for a successful engagement including Zero Trust security, recovery and logging telemetry options.

As a trusted advisor to more than 2,000 clients across the country, RSM has the experience to guide you to technology solutions that will keep pace with your business as it evolves and grows.

Why Microsoft Azure?

— Be future-ready

Continuous innovation from Microsoft supports your development today, and your product visions for tomorrow. With 1,000+ new capabilities in the past year, you can build on the latest advancements in AI, blockchain, Kubernetes, containers, and databases to keep you ahead of the curve.

Our enterprise grade analytics solution outperforms the competition, costs less, and is fully compatible with your existing development, BI, and data-science tools

— Operate hybrid seamlessly

On-premises, in the cloud, and at the edge—we'll meet you where you are. Integrate and manage your environments with tools and services designed for hybrid cloud.

Enhance security, simplify access, and set smart policies across your different environments with a single-identity platform trusted by 90% of enterprises globally.

— Build on your terms

You have choices. With a commitment to open source and support for all languages and frameworks, build and deploy how you want to. Take advantage of the full-featured, integrated development environments with built-in support Visual Studio and Visual Studio Code, the most popular IDEs trusted by 15M+ developers.

We embrace open source, drive innovation through collaboration, and contribute back to the community.

— Trust your cloud

Get security from the ground up, backed by a team of experts, and proactive compliance trusted by enterprises, governments, and startups.

With a \$1B+ investment in security R&D and 3,500 cybersecurity experts, security is foundational for Azure.

Microsoft Azure

Microsoft Azure is an ever-expanding set of cloud computing services to help your organization meet its business challenges. With Azure, your business or organization has the freedom to build, manage, and deploy applications on a massive, global network using your preferred tools and frameworks.
