# GPT Foundation Starter Kit

## About RSM:

RSM, with over 51,000 people in 123 countries, delivers the power of being understood to our clients, colleagues and communities through world-class audit, tax and consulting services tailored to meet the unique needs of middle market businesses.

## Unlock the Power of AI

Empower your business to reach for the stars and delve into the exciting and rapidly evolving world of Artificial Intelligence (AI) with our GPT Foundation Starter Kit Service. The rise of AI has transformed the way we work, paving the way for efficient, innovative, and insightful solutions that open doors to unprecedented growth opportunities. Now is the time to harness the potential of this digital revolution, and our GPT Foundation Starter Kit is here to guide you every step of the way.

Our Starter Kit workshop is more than just a crash course; it's an immersive experience that marries theory with practice. It equips you with the foundational knowledge you need about AI, presents risk management best practices, navigates you through use case exploration, and helps in strategic roadmap development.

*Dive into your Generative Artificial Intelligence journey with RSM*

# What's in the GPT Foundation Starter Kit

## — Training

Begin your AI journey with a comprehensive understanding of its foundations. Our training workshop breaks down complex concepts into digestible insights and hands-on learning opportunities. Whether you're a business executive just dipping your toes in the AI pool, or an enthusiast eager to dive deeper, this training has something for everyone.

## — Risk Management

AI is an incredibly powerful tool, but without adequate safeguards, it can pose potential risks. With our GPT Foundation Starter Kit, we bring risk management to the forefront, delivering a tailored policy for responsible use of AI. This holistic approach not only ensures AI integration aligns with your organization's risk tolerance, but it also fortifies your ability to preempt, manage, and mitigate risk effectively.
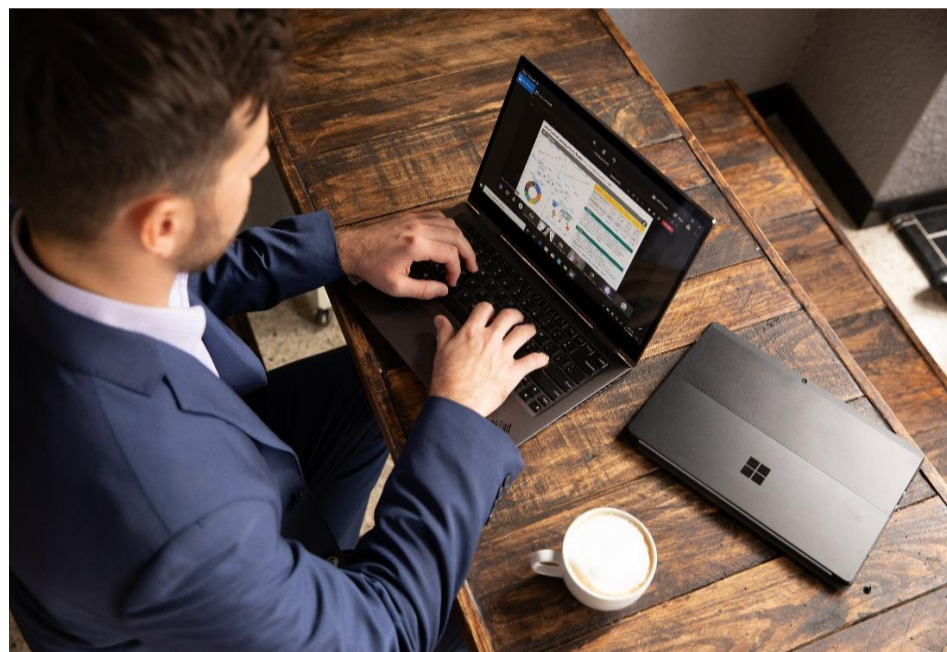

## — Use Case Exploration

As the saying goes, the proof is in the pudding. Our use case exploration feature allows you to understand the practical implications of AI, providing real-world examples and use cases that demonstrate the transformative power of AI across various industries. This provides a clear, tangible vision of what AI can do for your business.

## — Roadmap Development

Charting your course in the AI landscape can be challenging, but we're here to make the journey smoother. We will guide you in developing a strategic roadmap for AI integration that aligns with your business goals and objectives. We take into account your unique business needs, potential challenges, and desired outcomes to design a path that ensures maximum return on your AI investment.

## — Empower the Journey

Embrace the future of technology today with our GPT Foundation Starter Kit Service. Ignite your organization's AI journey with the perfect blend of foundational knowledge, risk management techniques, use case exploration, and strategic roadmap development. Let's start exploring the untapped potential that AI can bring to your business.

### Microsoft Azure

Microsoft Azure is an ever-expanding set of cloud computing services to help your organization meet its business challenges. With Azure, your business or organization has the freedom to build, manage, and deploy applications on a massive, global network using your preferred tools and frameworks.
