

BUILT FOR YOU.

Why iMIS?

Achieve more with a platform purpose-built for you.

Purpose-built for the way you work.

iMIS is the world's only Engagement Management System (EMS), purpose-built to meet your unique needs and to support your continuous performance improvement.

Get a complete picture of your members with a single data source.

Easily handles your complex billing & pricing structures.

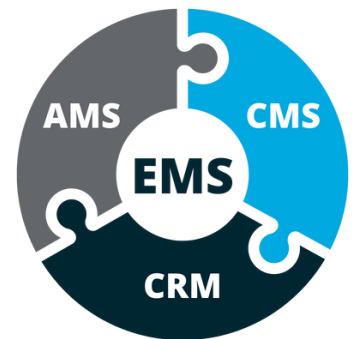

Delight members with personalized web experiences.

A platform that **knows** your members & supporters.

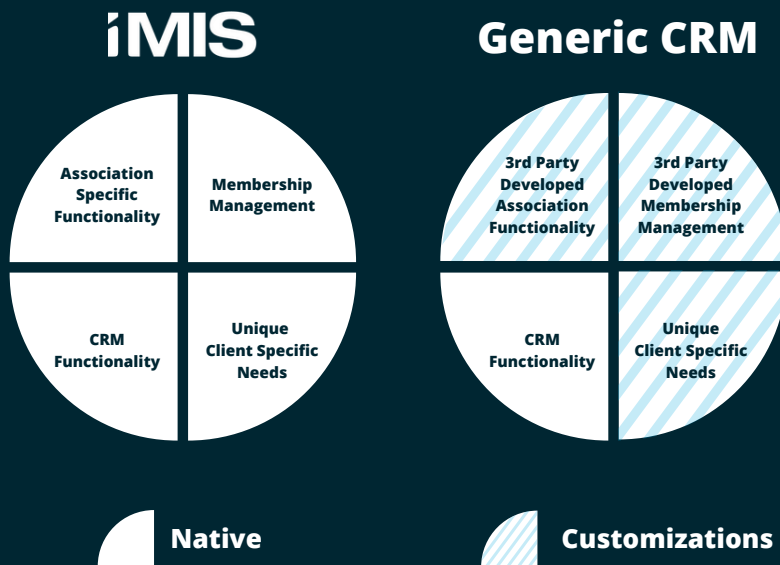

iMIS is purposely designed to be an Engagement Management System (EMS), built to directly connect you to your members and supporters, and them to you. **iMIS fuses your data with your web presence.**

With all of your constituent data flowing through one data source, your organization will streamline processes, automate mundane tasks, unlock new opportunities and grow your business.

iMIS just works.

Unlike generic CRM systems that require lengthy and expensive layers of customizations for core functionality, iMIS is purpose-built to natively provide the core features you need, ensuring you get maximum ROI from the start.

Achieve more with a platform as **unique** as you.

iMIS is purpose-built for the way you work and designed with the flexibility to extend and grow with you, all with automatic continuous upgrades.

Harness the power of Microsoft Azure.

Connect to 100s of best-of-breed apps.

Unmatched ecosystem of support.

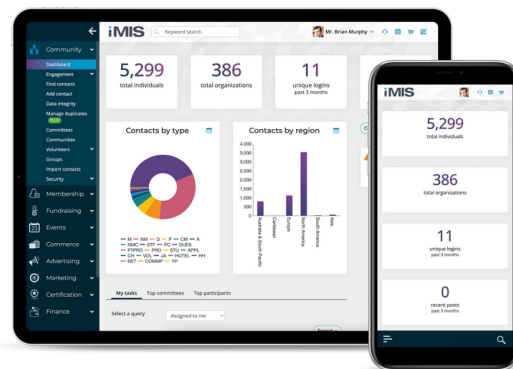

#1 platform for associations & non-profits

Packages to fit your needs.

Your **continuous performance improvement** is our endgame.

We want you to become a learning organization. To learn from every member and supporter interaction, so you can continuously improve your organization's performance, year after year.

Visit www.imis.com/demo to get started today.
