MICROSOFT POWER PLATFORM

ASSESSMENT WORKSHOP

Envision. Explore. Evolve.

Are you planning to supercharge your application development with flexible, scalable, and cost-efficient low-code applications? Here is your roadmap leading to success; get started with a Power Platform Assessment.

This assessment will guide you in planning a perfect fit for accelerated application development in the current technology landscape and plug well with legacy within your environment. It also details what the Power Platform offers and where its solutions can plug into existing opportunities within your environment.

1 Day Workshop

₹ **75000 INR**
