We manage your packaging
artworks from
DESIGN to LAUNCH

ARTWORK APPROVAL WORKFLOWS

Initiate artwork projects, attach files, route to reviewers, approve or reject artworks, receive email alerts on pending tasks, track status of artworks and keep everyone on the same page

Get 60% Reduction in Approval Time

Get 100% Regulatory and Brand compliance

21 CFR PART 11 COMPLIANT

Trusted by more than 300 brands

COLLABORATION AND PROOFING TOOLS

Use checklists and annotation tools to collaborate and reduce reworks
Verify barcodes, braille, fonts, colors and layers used in the artwork. Compare text and images between versions to identify the differences before sign-off

ASSET LIBRARY

Search for Artworks in a central library, tag artworks with any keyword, automatically manage different versions of the files, thumbnails for quick preview, browse files through folders or filter using meta-data

Reduce Packaging Write-offs to \$0

TAKE OFF WITH ADVANCED REPORTING

Identify bottlenecks in the workflow, monitor status of projects, causes for rework and ensure that your artworks are released on time
