

The future of  
secure mobility.

## Protect your data from every type of threat with no data at rest.

Hypori Halo delivers remote access to enterprise apps by adding a separate, secure, virtual workspace to any mobile device. It uses cloud-based, zero-trust architecture, guarantees no data on the device and 100% separation of personal and enterprise data. Hypori Halo empowers employees on their personal devices while remaining compliant and reducing company cost, liability, and security risks.

### Key features

-  100% separation of corporate & personal data
-  Zero-trust architecture
-  Secure access to public & private cloud
-  1-click app lock
-  No data at rest

### Benefits

-  Freedom to use any device
-  Infinite scalability
-  Single platform for simple app management
-  100% user privacy
-  No hardware cost, affordable SaaS model

No data on  
the device,  
*ever.*

## Protecting organizations & empowering users

The increased use of mobile devices across every industry demands scalable, zero-trust cybersecurity solutions for the remote workforce. Hypori Halo empowers employees on their personal devices while remaining compliant and reducing company cost, liability, and security risks.

### Hypori Halo's multi-layer security posture protects enterprise data.

- Military-grade security & encryption in the cloud
- Encrypted transmission of pixels only
- Multi-factor authentication access
- TPM protected with security-enhanced Linux in Android
- Corporate data access from Android, iOS, and Windows

#### Financial services

Transact trades and access customer data without compromising personal information.

#### Defense industrial base

Address the most challenging CMMC 2.0 requirements by improving security efforts and reducing risk.

#### Healthcare

Review and manage protected health information (PHI) on mobile devices while ensuring HIPPA compliance.

#### Software & tech

Ensure GDPR and regulatory compliance with customer data contained and protected in the cloud.

#### Insurance

Empower field agents to operate securely from any device with cloud-powered access to sensitive customer data.

**Only Hypori Halo guarantees 100% privacy to protect you and your company.**
