

CHRONUS API

Introducing Chronus Compliance APIs by Natech – Your Comprehensive Solution for Sanction Screening!

Stay ahead of compliance challenges with ease using our cutting-edge REST API. Designed to streamline your sanction screening process, Chronus Compliance APIs offer seamless integration and robust functionality, ensuring thorough screening against OFAC, UN, UK sanction lists, and the Greek PEP list.

Here's why Chronus Compliance APIs are the ultimate choice for your compliance needs:

1. **Efficiency:** Our REST API simplifies the screening process, enabling swift and accurate identification of individuals on various sanction lists. Say goodbye to manual screening and hello to automation.
2. **Comprehensive Coverage:** With Chronus Compliance APIs, you gain access to a comprehensive database that includes OFAC, UN, UK sanction lists, and the Greek PEP list. Rest assured, you're equipped to handle diverse compliance requirements effortlessly.
3. **Seamless Integration:** Integration is seamless, whether you're implementing our APIs into existing systems or developing new applications. Our user-friendly interface ensures a smooth experience for developers at every step.
4. **Flexible Pricing:** We understand that every business has unique needs. That's why Chronus Compliance APIs offer flexible annual pricing packages based on the volume of calls you require. Choose the package that aligns with your usage, without compromising on quality or reliability.
5. **Reliable Support:** At Natech, customer satisfaction is our top priority. Our dedicated support team is here to assist you every step of the way, ensuring a hassle-free experience and prompt resolution of any queries or issues.

Don't let compliance concerns slow you down. Embrace efficiency, accuracy, and peace of mind with Chronus Compliance APIs from Natech. Streamline your screening process and stay compliant effortlessly. Reach out to us today to learn more and start your journey towards seamless compliance.
