iQualify LMS for Retail

We partner with businesses and workplaces who are looking for a better way to provide online staff training.

Upskill teams

Engage

Deliver individual and team study programs that your staff can access anytime, anywhere, on any device.

Create training programs

Assess

Flexible real time assessment including interactive tasks and quizzes. Monitor progress and award digital badges to recognise success.

Assess instantly

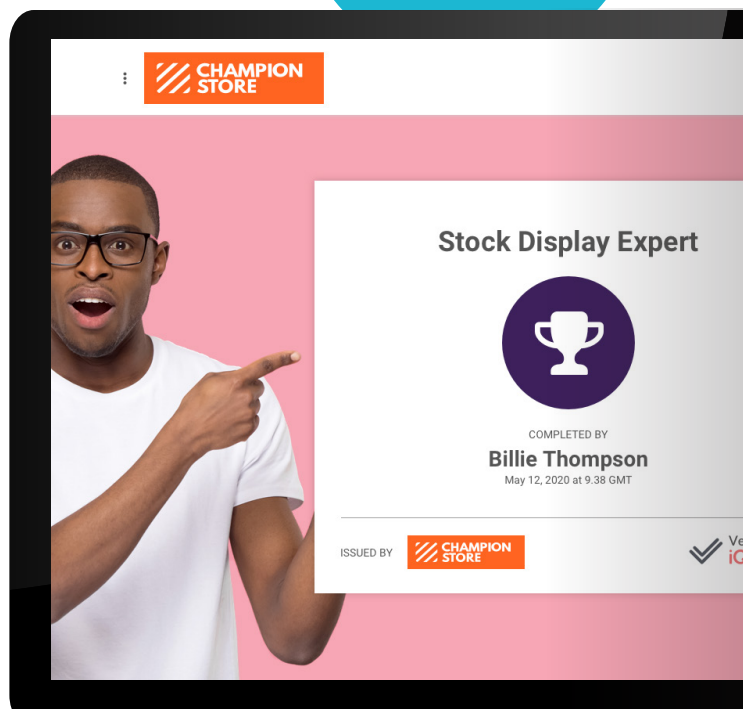

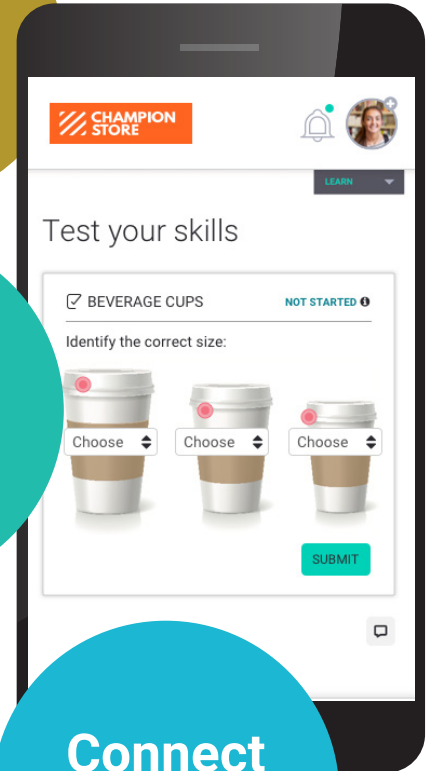

Connect seamlessly

Create

Easily design engaging training materials. Embed videos, images, tasks and interactive elements to quickly upskill your staff.

Connect

Integrate your existing systems with our API and webhooks to make your life easier.
