The screenshot shows the Peero chatbot interface within a Microsoft Teams chat window. The chat header includes a search bar and navigation links for 'Peero Test', 'Peero Web', 'Chat', and 'About'. The main content area displays a 'Squalio Test' form with instructions to send positive feedback. The form includes a 'You have 500 points' indicator, a 'Select nominal' dropdown set to '5', a 'Select value / nomination' dropdown set to 'Select value', a 'Select peer' dropdown set to 'Select peer', and a text input field for 'Enter your message'. Below the form are radio buttons for 'Public' (selected) and 'Private'. A 'Suggestions' menu is visible at the bottom of the chat area, listing 'help', 'start', 'disconnect', 'send', and 'learn'. A separate panel on the right side of the chat window displays a 'Hello, Peero friend!' message with a list of helpful actions: 'View all available chat commands in Peero ChatBot (chat command "help")', 'Send feedback to your peer (chat command "send")', 'Learn what values / nominations are available in your organization (chat command "learn")', 'Open Peero App in your browser', 'Open Peero Help Centre in your browser', and 'Disconnect your Peero account from Microsoft Teams'.
