

Cloud Migration Factory

Atos Hybrid Cloud & Infrastructure

Atos

**Atos Cloud Migration Factory
Achieve Cost Efficiency,
Peak Performance and
Strategic Flexibility on
Microsoft Azure.**

Via Cloud Migration Factory customers can **expect seamless migrations, minimal downtime, and rapid ROI** as we execute the cloud strategy flawlessly.

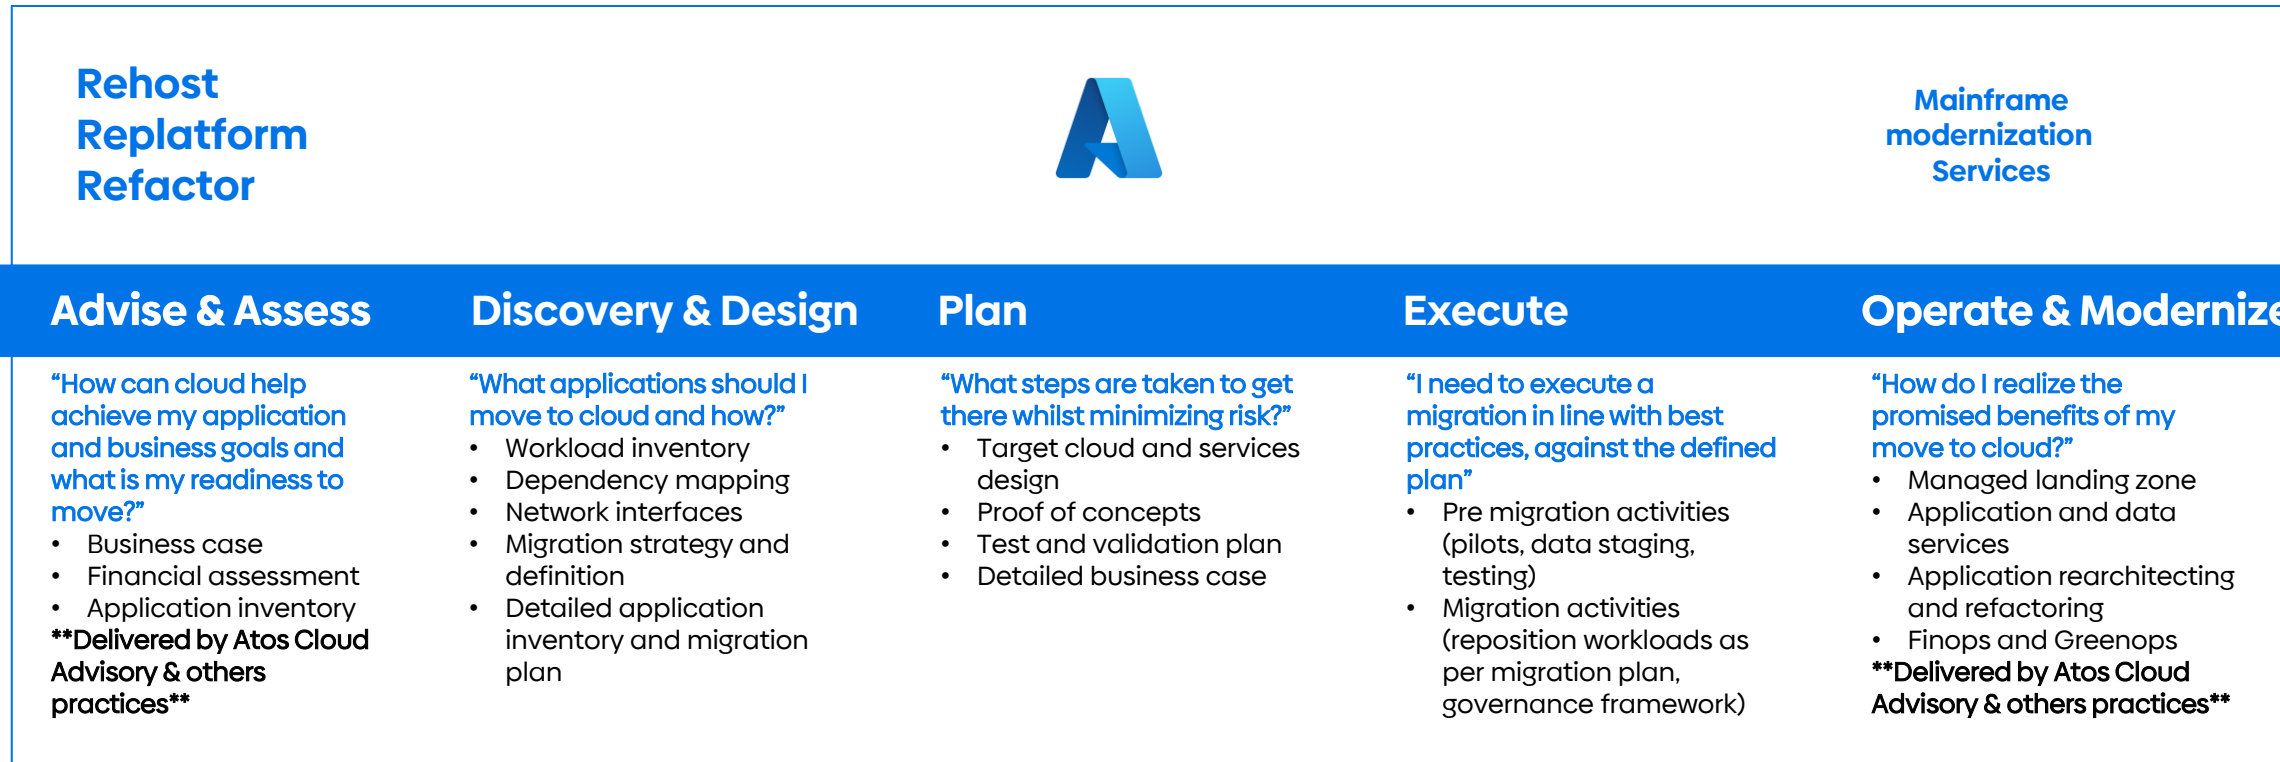

Our approach to an industrialized migration and transformation isn't just about technology, but a cultural shift that empowers organizations to evolve rapidly and thrive in a rapidly changing world.

Cloud migration does not require a complete rebuild of your apps. You can migrate workloads in stages (start basic and rehost/replatform/rearchitect later).

Atos has years of expertise overcoming process and technological problems in migration. We have solid, tried-and-tested processes for dealing with every migration or datacenter departure scenario.

With more than **30.000 certified cloud experts** we **provide more than 44 cloud specific competencies.**

Atos Cloud Migration Factory

50,000+ applications transformed

Migration competencies and specializations for Azure

Onshore, nearshore and offshore delivery centers

200+ cloud migration experts

Where Atos adds real value

Atos Migration & Transformation Services

Business challenge

- Unclear scope
- Migration of non valuable applications
- Longer then expected
- Overspending
- Missing the right expertise
- Business risk
- Inadequate security planning

Why Atos?

- HPC/Edge continuum, mainframe migrations & decarbonization contribution
- Business value centric approach, powerful, real-world, case studies and client references
- Technology driven transformation delivered with compelling IP - tooling, automation, accelerators
- Multi-cloud expertise and global scale
- Gartner industry visionary recognition for IT transformation services

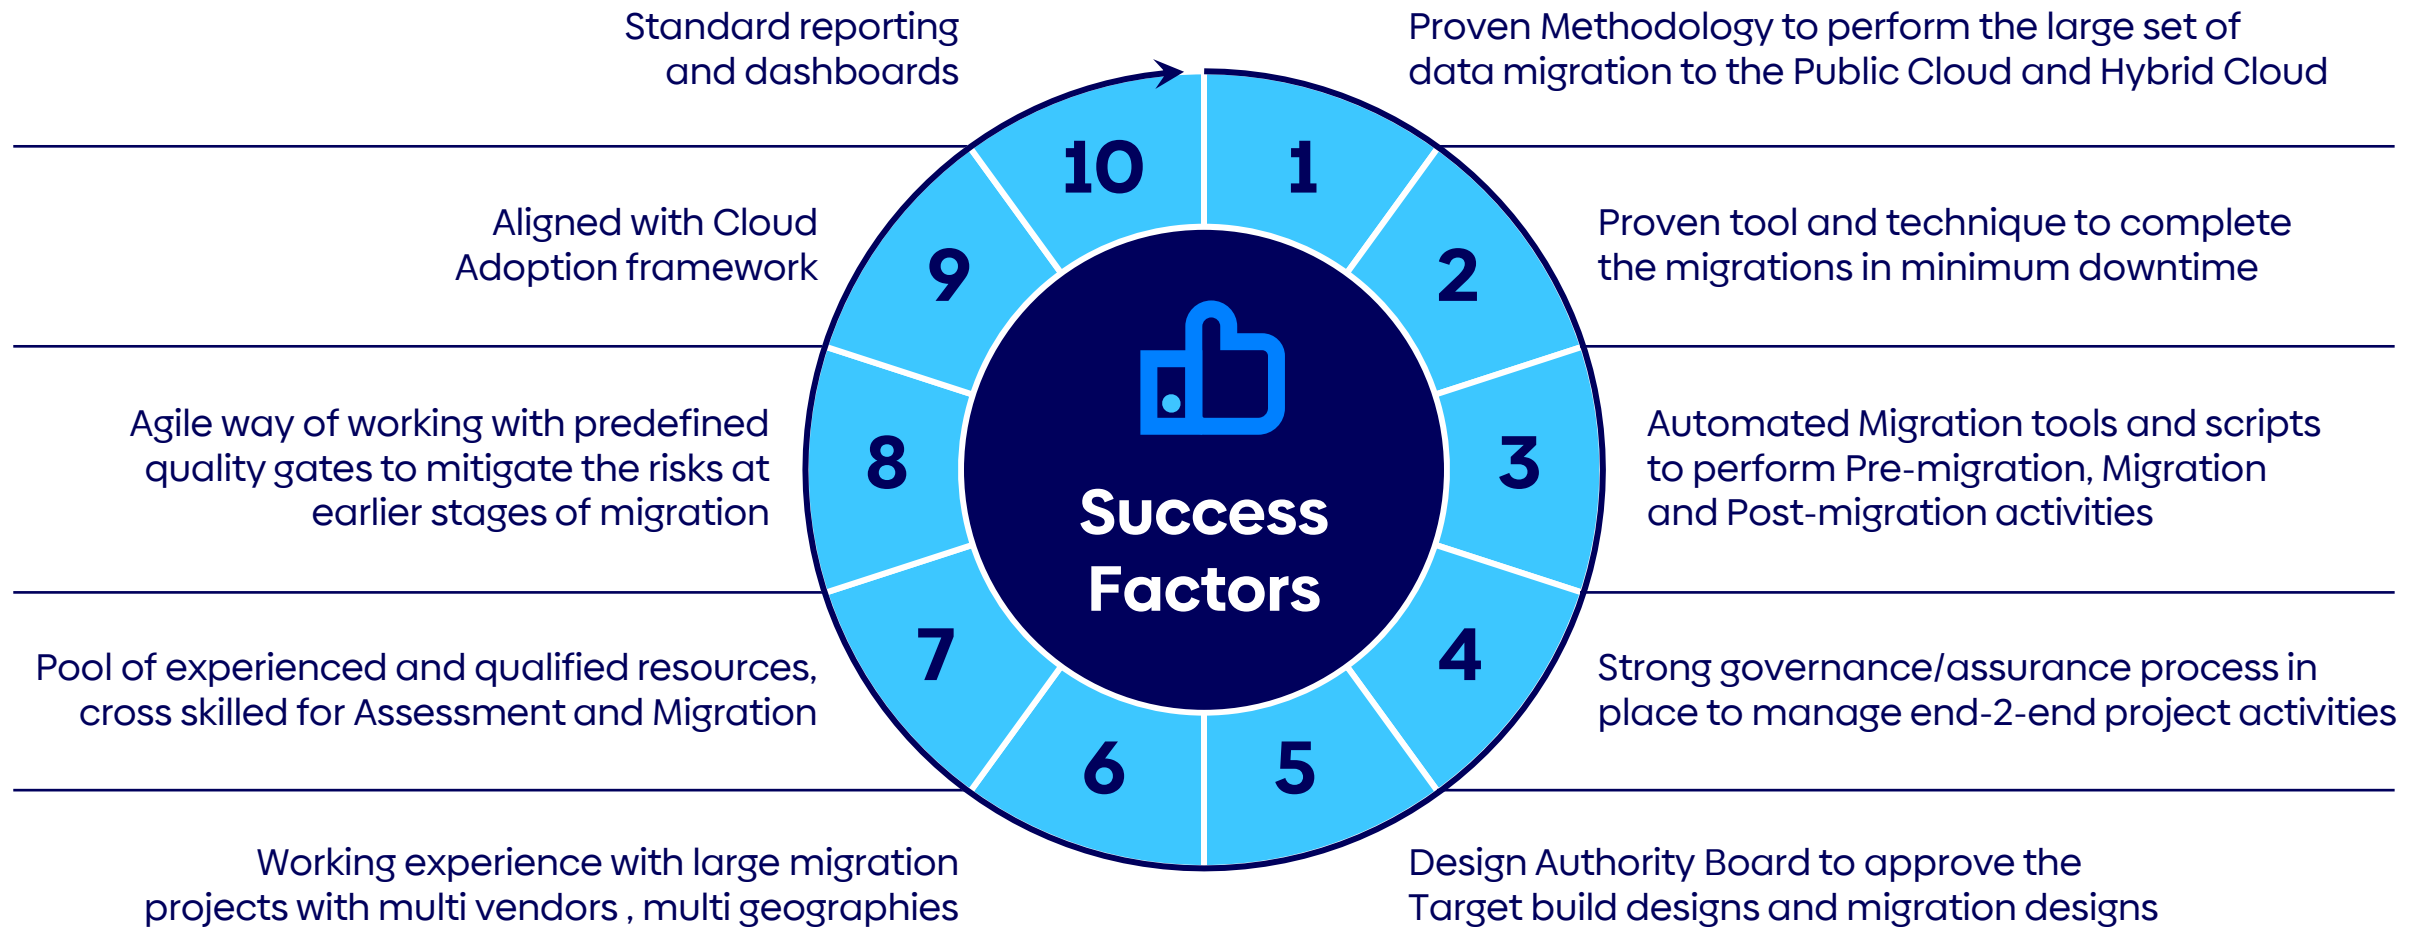

Client benefits

- With our migration toolchain and experience, you can eliminate assessment fatigue and minimise migrating time
- Less expensive - cutting client project support time by up to 60%
- Create a solid cloud footprint with contemporary security and pilot migrations to demonstrate technical and business feasibility
- Through our trusted alliances and highly skilled teams, discover possibilities to optimize your cloud investment and speed your modernization process to boost company income
