Simplify and Future Proof Your Control Monitoring

RegScale

Go to Market Faster, Slash Costs, and Stay Effortlessly Audit-Ready

Supercharge every phase of your control lifecycle with seamless data integrations, self-updating paperwork, extreme automation, and advanced AI. Stay always audit ready, reduce costs, and improve your security posture to prepare for a cloud-native and rapidly changing technology landscape.
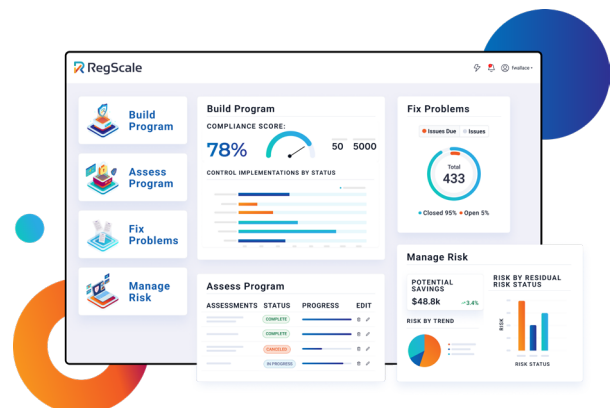

Automated Control Lifecycle Management

Simplify and streamline your control lifecycle with advanced automation, industry-leading AI, and pre-built business processes based on decades of lessons learned in the industry. Rapidly configure to meet your unique business requirements and then ruthlessly automate every phase of the control lifecycle.

1. **Identify and implement** essential controls for security, risk, and compliance.

2. **Continuously gather and update** proof of control implementation.

3. **Evaluate** collected evidence, ensuring controls are effective and adequate.

4. **Address** vulnerabilities with timely fixes, severity-based actions, and continuous improvement.

5. **Continuously integrate** risk considerations into threats, control selection, assessment, and response.

6. **Oversee** all lifecycle stages with decision-making, monitoring, and awareness.

Controls lifecycle management

With our CCM pipelines of automation, dashboards, and AI tools, RegScale delivers lower program costs, enhances security effectiveness, and minimizes painful handoffs between teams.

Who's Living in the CCM Fast Lane

RegScale

KeyBank · LAZARD ASSET MANAGEMENT · Los Alamos NATIONAL LABORATORY · UCOR United Cleanup Oak Ridge LLC · WESTCAP · WIZ · Office of Environmental Management Nevada Program · Alethia Labs · TBC · SMX · emagine it · OAK RIDGE National Laboratory

| Automation Pays	Speed Conquers	Strategic Wins	Visibility Victories
60%	**3 months**	**90%**	**30%**
Reduction in audit prep & response time	Submission of FedRAMP High package	Reduction in effort to complete SOC 2 Type 1	Lower costs & faster timeline for CMMC

Break Down Data Silos

RegScale collects all of your risk and compliance data in one place, generates self-updating paperwork, and makes information readily accessible to any user or system that needs it.

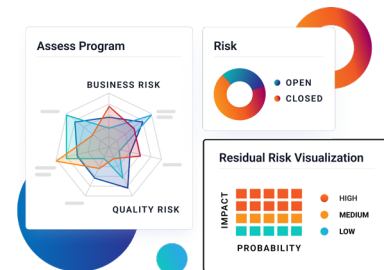

Unleash Extreme Automation

Manual copy-and-paste exercises are soul-crushing endeavors in the risk and compliance arena. Use our plug-and-play automation platform to streamline your workflows and self-generate compliance artifacts in Word and Excel on demand. Your employees will thank you for it!

Unlock AI Everywhere

The whole industry exists to provide paperwork nobody wants to read, and nobody wants to write. Use our AI to write your controls, conduct your audits, and tell you what is important. Our AI gives you massive amounts of time back so you can focus on more important things.
