

Asset **NxT**

 **LTIMindtree**

# Digitize your assets for business & operational excellence

## Do you currently have the below insights at your fingertip?

Whether my owned/rented equipment are utilized effectively?

Do I need to rent additional equipment or reallocate existing one?

Whether I have complete visibility of my equipment across projects for intelligent reallocation?

Is it worth maintaining an asset further than buying a new one?

Whether I am able track the emissions to meet the government norms?

## Know how Asset NxT transforms your business and operations

**Asset NxT** is an integrated solution that enables digitization of your assets to provide **real time visibility** and **operational insights** of multitude of assets across the globe to various levels of enterprise stakeholders, which enable them to take data driven business decisions thereby achieving **business transformation**, **operational excellence**, and **unmatched customer experience**. The key benefits include

Enhanced operational visibility

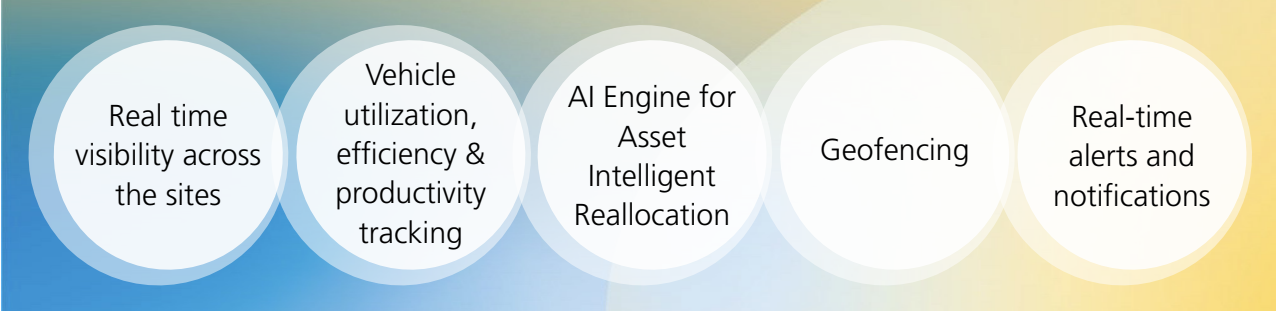

Improved utilization & Productivity

Better control over emission

Reduced operational cost

Insightful decision making
