VICTA
BUSINESS INTELLIGENCE

About Victa (focus BI)

With over 10 years of experience, Victa has delivered innovative business intelligence (BI) solutions to more than 800 customers in all industries.

Our goal is to help organizations become data-driven by visualizing data in a way that easily fosters insights and drives key decisions.

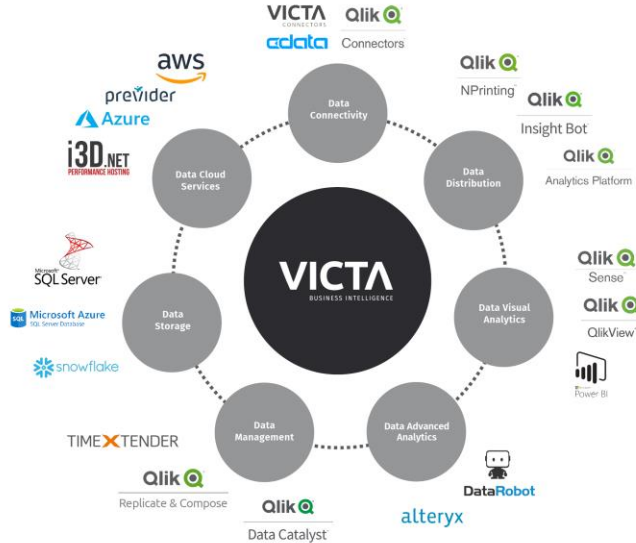

We support our customers with an innovative portfolio of BI products and services. Our main focus is on Qlik® and Microsoft Power BI, both leaders in the visual analytics & BI platforms market .

We serve our customers from 4 offices in the Netherlands, Caribbean and Germany. We have over 50 employees and are growing in a fast pace.

Productportfolio

Victa has a full portfolio of products and services for every phase in the BI cycle. We can give our customers a one-stop shopping experience and serve them independently of the stage they are in with innovative BI solutions and outline a roadmap for the future.

Vision

We give our customers business insights through the effective use of data. As a partner to companies of all sizes, across all industries and geographies we help to visualize and explore information in order to generate insight and make better decisions.

Mission

We support companies with their information needs with an innovative portfolio of Business Intelligence (BI) products and services.

We have a customer centric approach and we shall understand their data needs better than anyone else. Our dedication to making every customer a reference is our most important guarantee for long-term value growth in our company.

Our expert employees, who continue to distinguish themselves through their expertise, focus, pro-activity and job satisfaction, are the key to generating outstanding performance over the long term and achieve planned results.
