Customer Journey

WHAT IT LOOKS LIKE TO GET STARTED

STEP 01
Get to Know Us

Check out our info sheets and client testimonials, then gather your team to join us for a 30-minute virtual demo.

Clients who involve more departments sooner (ex: FinOps, procurement, legal, security, cloud) report greater satisfaction and faster deal cycles.

STEP 02
Try Us Free

Got two hours? That's all the time it takes to implement our product in your infrastructure for a free 30-day trial.

We'll join you every step of the way with technical support, advice, insights & education.

STEP 03
Enjoy Full Customer Experience

Get personalized weekly email analysis, weekly consulting calls, full customer support, and access to all of our reports - just like paying customers. Except it's free!

STEP 04
Seal the Deal

Like what you see? All that's left is to sign on the dotted line. After that there's no need for onboarding - you already did it all during your free trial! Just keep accelerating your success.

"SPENDING $0 ON A FREE TRIAL SAVED US...

...from spending six figures on hardware we didn't need." Our optimization tools helped them get more from their existing storage and avoid an unecessary purchase.

...from a failed migration catastrophe." Our hybrid-platform insights warned this company that the new arrays they planned to use lacked the necessary capacity.

...from searching for a needle in a haystack." Our proactive monitoring identified a device with high latency, alerting this company to an unforeseen risk they then fixed before a problem could occur.
