

# Hybrid work. Simplified

Workplace management platform that can more

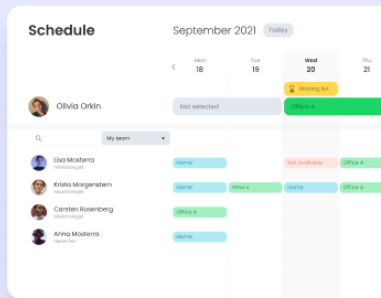

Offer digital workplace experience without losing control

Enhance collaboration, reduce attrition by 35%

Optimize office space & expenses by >50%

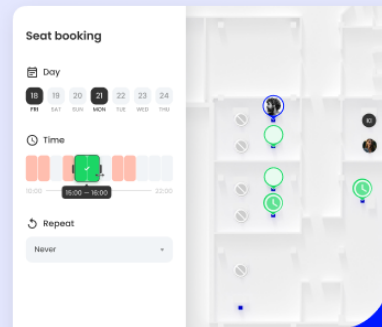

## Optimize attendance & coordinate teams

Enhance more collaboration and joined office days. Employees can coordinate their office days, team leaders can schedule office days for entire teams. "Anonimization option" to comply with working council requirements

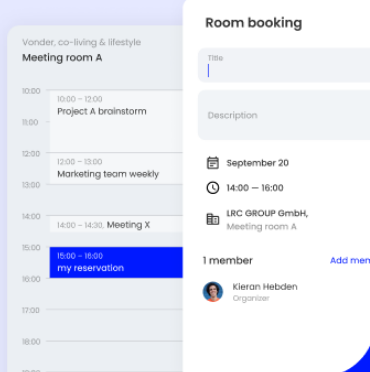

## Book a desk in 2 clicks

Best desk booking UX - for Web, Mobile and Slack. Full flexibility with hourly, multiple-day and recurring bookings along 3D floorplans (soon also with desk attributes). Booking of parking slots included.

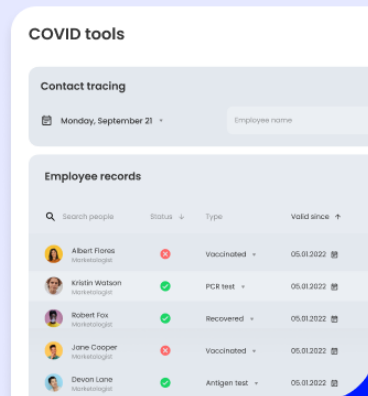

## Manage meeting rooms

Enable more team work in your hybrid office. Manage your meeting rooms and telephone booths more efficiently. Meeting rooms displays to optimize on-site experience

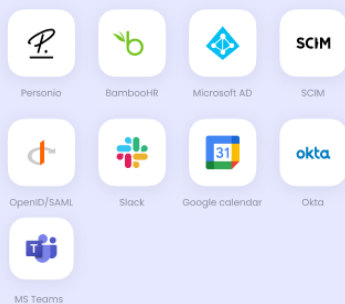

## Make your office Corona-safe

Easily track potential Corona-outbreaks in your office. Administrate Corona-status of your employees and check bookings without right certificate.

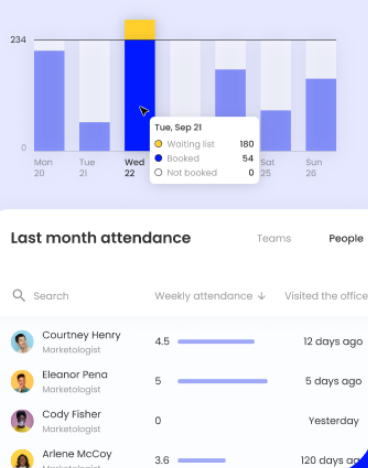

## Automate everything

Connect Yoffix with MS Teams, Slack or HR systems, profit from SSO options and synchronize your calendars. Employees don't need to install new app to use Yoffix - plan office days and book desks directly from MS Teams & Slack.

## Enjoy full transparency

Track office use with daily, weekly and monthly data. Check which desks are not used on heat maps. Analyze teams' attendance to optimize hybrid set-up in your company.

GDPR compliant • No hardware required • Set-up within 1 hour • 2-weeks free trial
