Our experts are committed to developing innovative online solutions for better communication and information services

We understand that businesses have unique needs and challenges, which is why we offer a range of products that can be customized to meet the specific needs of each client. Whether it's a web application, a mobile app, or a software solution, we have the expertise and experience to create the perfect product for our clients.

# Pioneering Dreams in Tech

## Foundation of AM-Technology "

**Nausheen**

**Imtiaz**

**Meet Nausheen and Imtiaz, the dynamic duo behind AM Technology.**

In 2008, Nausheen and Imtiaz, both passionate about IT, crossed paths at an IT learning institute. Despite not knowing each other before, they discovered a shared vision and decided to team up in 2009. They ventured into freelancing, learning the ropes of client interaction and project management.

**In 2011, AM Technology was born.** The founders identified the struggle budding entrepreneurs faced in finding a platform for their ideas. They wanted to change that.

Over the years, Nausheen and Imtiaz remained committed to learning about new technologies, ensuring AM Technology stayed at the forefront of the digital marketplace. To expand, they diversified AM Technology's offerings, forged partnerships, and expanded its reach globally within the marketplace. Concurrently, they began mentoring and coaching entrepreneurs to navigate the intricacies of the business marketplace.

## Our Marketplaces

Effortlessly establish your own marketplaces without the complexities of development. Simply acquire AM Technology Marketplaces and we'll handle the installation for you upon purchase. (Ensure your domain and hosting server are ready).

Our team is continuously working to enhance the features and scope of Our Marketplaces . We strive to keep our Marketplace up-to-date with the latest trends and technologies to meet clients dynamic needs.

## AM Technology In Numbers

Our clients are at the center of everything we do. We work closely with them to understand their needs, goals, and challenges, and we strive to exceed their expectations with every project.

**Experience Unmatched IT Support with Our World-Class Team**

Throughout their journey, the founders worked tirelessly, always keeping an eye on innovation and growth. Their commitment wasn't just about business; it was about helping other businesses thrive too. From their early days to now, their mantra has been continuous learning and teamwork. With advancements in technology and a broader range of offerings, they're eager to expand even more. Amidst their drive, a poignant quote captures their philosophy:

**"Things aren't Expensive; People are Poor!"**

This saying underscores their belief in value, affordability, and understanding the challenges many face. As they look forward, their optimism shines through, eagerly awaiting the adventures the future holds.
