

Adopt, adapt, and improve your organization to stay ahead of the curve and embrace digital transformation

ABOUT ESHGRO / SMARTER 365:

The Smarter 365 platform is an all-in-one solution for the deployment, management, and financial control of Microsoft Modern Workplace, Azure Services, Windows Virtual Desktop, and customer-facing business applications.

WHAT WE OFFER

Smarter 365 is a modular and highly scalable solution that enables organizations to deploy, manage, and financially control their modern workplace.

The platform seamlessly integrates Microsoft 365, Azure Services, Windows Virtual Desktop, and line-of-business applications within a single solution.

Smarter 365 is built on Azure, so it's future-ready.

The Smarter 365 platform enables organizations to roll out a Microsoft Modern Workplace in 15 minutes, ensuring a secure and compliant workplace with multidevice capabilities, as well as direct access to all apps and company data.

User management of the workplace can be vastly simplified via Smarter 365.

Features include 2-minute new user and group setup, remote software updates, and scalable applications that can be customized according to individual users and various timeframes.

Smarter 365 offers management and reporting capabilities based on usage, compliance, and IT costs via standardized dashboards that deliver actionable insights.

All data is protected within the platform to ensure a secure and safe modern workplace environment.

WHAT OUR CUSTOMERS ARE SAYING

“The changes within IT are ever-changing. Our transition from private to the public cloud has been simplified by using Smarter 365. This platform is user-friendly and allows us to be scalable, transparent, and always up to date.”

– Joan Duffhues, IT Manager, Eosta

Microsoft 365

Microsoft 365 is a cloud-based subscription service that brings together the best tools for the way people work today. By combining best-in-class apps like Excel and Outlook with powerful cloud services like OneDrive and Microsoft Teams, Microsoft 365 lets anyone create and share anywhere on any device.

KEY USE CASES

BUSINESS-CLASS EMAIL

Build anything from lightweight websites to multitier cloud services that scale up as your business grows.

CLOUD STORAGE

Rely on geo-redundant cloud storage for backup, archiving, and disaster recovery.

MEET ONLINE

Get actionable insights from your data by taking advantage of a fully compatible, enterprise-ready Hadoop service.

COLLABORATE AND CHAT PRIVATELY

Accelerate your mobile app development by using a backend hosted on Microsoft Azure.

WHY MICROSOFT 365?

Save your company money

Microsoft 365 is available as a simple monthly subscription. Avoid large up-front costs for new software while moving the cost of IT from capital to operating expense. And without on-premises servers to run email, websites, and document storage, you can reduce energy costs and save by no longer purchasing new server hardware.

Scale your business quickly and flexibly

Microsoft 365 grows with you on the Microsoft Azure cloud. Adding a new user is as simple as buying an additional license, which allows access to business-critical technology on as many as five PCs/Macs and five mobile devices. Microsoft 365 provides an array of plans to fit the right capability needs and price points for every user in your organization.

Technical support

Your Microsoft 365 subscription comes with 24/7 support from a global network of experts, with one-hour response for critical, service-impacting events.

Financially backed SLA

Get peace of mind knowing that your services are available when you need them with a financially backed, 99.9 percent uptime service level agreement.

Simplified IT management

Reduce headaches by reducing your IT infrastructure. Content lives safely in globally distributed data centers with continuous backup and disaster recovery abilities.
