

Connect and engage with your community by transforming your campus into digitally immersive, augmented experiences accessible wherever you are.

Reimagine the college experience

EdTechX is a digital experience platform that combines visually stunning / branded venues with livestreaming AR holograms, networking, real-time analytics, and Augmented Reality / 3D experiences.

Augmented Learning

Integrate immersive augmented reality to enhance student learning & participation

Immersive Campus Experiences

Transform your campus into a fully interactive digital experience:

- Convocations
- Career Fairs
- Campus Tours
- Student Lounge (Clubhouse)

Community Engagement

Grow and deepen the connections within your community including your alumni, donors, partners, faculty, staff, and students
