We are committed in impacting clients' business outcomes with focus on enhancing customer experience. GGG was founded in 1988 in the US and now has operations in 9 locations across 4 countries. GGG has a history of serving clients from verticals such as Aerospace, Automotive, Farm Equipment, Commercial Vehicles, Energy, Heavy Equipment, Construction and Industrial, Mining, Rail, Oil & Gas.

## INDUSTRIES SERVED

- |                     |                             |
|---------------------|-----------------------------|
| Aerospace           | Energy                      |
| Automotive          | Heavy Equipment             |
| Farm Equipment      | Construction and Industrial |
| Commercial Vehicles | Mining                      |
| Oil & Gas           | Rail                        |

## Technical Publication Services

- **PARTS INFORMATION MANAGEMENT**  
Electronic Parts Catalog, Fault Code, Collision Estimator, Flat Rate Manual, Technical Authoring
- **SERVICE INFORMATION MANAGEMENT**  
Operator, Warranty, Repair & Maintenance Manual, Technical Service Bulletins, Labor Time, Special Tools, VSPs
- **DIAGNOSTICS INFORMATION MANAGEMENT**  
Repair / Replace Guided Diagnostics, Fault Tracing, Electronic Trouble Shooting Manual
- **TRAINING INFORMATION MANAGEMENT**  
Animated / Interactive Content, Disassembly & Assembly, Wiring Harnesses Real Flow, Diagnostics, Learning Management System
- **AUGMENTED/ VIRTUAL REALITY/ MIXED-REALITY**  
Interactive Print, Virtual Methods, Interactive Diagnostics, Custom Configurators

## Engineering Services

- **COMPUTER AIDED DESIGN**  
Component Design, Structural Design, Hydraulic System Design, Electrical Harness Design / Audit, 3D Modeling & Detailing, Engineering Drawing Quality, Component Packaging, Value Engineering
- **ELECTRONICS & EMBEDDED**  
Sub-systems Engineering, Embedded Design (HW/SW), Validation & Testing Automation, Automotive Applications Development
- **COMPUTER AIDED ENGINEERING**  
Durability Analysis, Noise, Vibration & Harshness, Safety Analysis, CFD Analysis, Meshing Services, Optimization, Custom Tools, Process Automation
- **COMPUTER AIDED MANUFACTURING**  
Virtual Manufacturing Engineering, PDTMS / Line Loading, Line Balancing, Plant / Floor Simulation, Macro Ergonomics, Strategic Low Cost Sourcing, Tool Path Generation, Tool Design / Fixtures, Should Costing

## Technology Services

- **APPLICATION DEVELOPMENT**  
Mobile Applications (Android / iOS), Web Applications / Windows Native / Hybrid Applications, Microsoft Frameworks - VB.NET, ASP.NET, C#.NET, MS SQL Server, Oracle, Open Source/Java Frameworks - Ajax, Query, PHP, SQLite, HTML5, XML, MySQL
- **E-LEARNING** - Instructional Design, Articulate Storyline, Creative Design and AV Editing
- **TESTING SERVICES** - Manual Testing, Testing Automation, Load Testing, VAPT
- **IT INFRASTRUCTURE / IoT (Internet of Things)**  
Desktop Support, Server Support, Network Support, Security Team, Technical / Helpdesk Support

## A. KEY DIFFERENTIATORS

- 40+OEM's as Customer Base
- Experience / Expertise in handling turnkey projects
- Client-centric approach
- Technology enabled business process management
- Hybrid model (Onshore, Offshore & Near shore)
- Global delivery model with redundancy, value addition and data security
- Quality / Efficiency gains enhancements
- 3 C's Flexibility (Cost, Capacity, Capability)

## B. FAST FACTS

- Founded in 1988 with headquarters in York, Pennsylvania
- Full Product Life-cycle Solutions provider to major OEM's around the world
- Global workforce of more than 1400 employees
- Trusted, strategic and global long-term partner for market leaders across Industries
- Two decades of proven value addition to customers

## C. AWARDS AND RECOGNITIONS

- Recognized as the "Most Preferred Supplier" by leading Heavy Equipment OEM
- Won the "Technology Excellence Award" from Brands Academy of Excellence
- Recognized as "Most Innovative Supplier" by leading Truck and Bus Manufacturer

## D. CERTIFICATIONS

- ISO 9001: 2015 Quality Certified Organization
- ISMS 27001:2015 Information Security Certified Organization

## E. LEADERSHIP TEAM

- **Paul Kilker** – President and Chief Executive Officer
- **Rita Hoover** – Chief Financial Officer
- **Mark Oberdick** – Director of Human Resources
- **Joseph Pstrak** – Vice President - Global Product Services
- **Amirtharaj Manoharan** – Vice President – Global Business Development
- **Park Wiker** – Director – Technology Services

## F. CONNECTED CUSTOMERS

- 5 of the top 10 aerospace companies
- 9 of the top 10 farm equipment manufacturers
- 15 of the top 20 automotive suppliers
- 5 of the top 10 heavy equipment manufacturers
