The Builder to Connect Doctor & Patient

ClinicONE™ Telemedicine:

ClinicONE™, a one-stop healthcare diagnostic platform for Precise Medication, Seamless Patient Journey & AI Health Record Management prepared for next generation of Smart Clinic.

See what customers are saying:

"Regardless of the COVID-19 outbreak, the group achieved a record breaking result in the year of 2020, ClinicONE helps us a lot!"

– Grace Lau, Associate Director, Quality Healthcare Medical Group

WHAT WE OFFER

With Microsoft Azure, ClinicONE™ is able to provide a robust and high performance SaaS platform to medical professionals coupling with secure infrastructure, ClinicONE™ has reached overseas customer on the same cloud premises easily.

Microsoft Azure is fully compliant with US HIPAA Standard which is a one of the highest medical standard in the industry.

99.95% system up-time is a standard requirement in both healthcare industry and Microsoft Azure platform.

First-thing-first in medical record management is security, Microsoft Azure full product stack has promised that.

Why Microsoft Azure?

Be future-ready

Continuous innovation from Microsoft supports your development today, and your product visions for tomorrow. With 1,000+ new capabilities in the past year, you can build on the latest advancements in AI, blockchain, Kubernetes, containers, and databases to keep you ahead of the curve.

Our enterprise grade analytics solution outperforms the competition, costs less, and is fully compatible with your existing development, BI, and data-science tools.

Operate hybrid seamlessly

On-premises, in the cloud, and at the edge—we'll meet you where you are. Integrate and manage your environments with tools and services designed for hybrid cloud.

Enhance security, simplify access, and set smart policies across your different environments with a single-identity platform trusted by 90% of enterprises globally.

Build on your terms

You have choices. With a commitment to open source and support for all languages and frameworks, build and deploy how you want to. Take advantage of the full-featured, integrated development environments with built-in support Visual Studio and Visual Studio Code, the most popular IDEs trusted by 15M+ developers.

We embrace open source, drive innovation through collaboration, and contribute back to the community.

Trust your cloud

Get security from the ground up, backed by a team of experts, and proactive compliance trusted by enterprises, governments, and startups.

With a \$1B+ investment in security R&D and 3,500 cybersecurity experts, security is foundational for Azure.

Microsoft Azure is an ever-expanding set of cloud computing services to help your organization meet its business challenges. With Azure, your business or organization has the freedom to build, manage, and deploy applications on a massive, global network using your preferred tools and frameworks.
