

# Grow wisely.

**We are poised for growth  
and powered by wisdom.**

---

Entrepreneurial energy that's grounded in industry-leading credibility. We proudly carry forward our foundation of expertise within the lending worlds of auto and mortgage. We are here to breathe new life into an arena where trusted expertise puts you on solid ground, but entrepreneurial agility helps you take flight.

We start  
with why.

**Where we excel is where you excel.**

---

People borrow to pursue their dreams. Homes. Cars. Building blocks to lifestyles and futures. Borrowers have needs and expectations, and so do the lenders that serve them. Today's lenders must deliver fast, easy, safe, borrower experiences while managing risk and growing smartly. That's where we come in.

Scalability.  
Credibility.  
Agility.

**You won't find that combination  
elsewhere within our industry.**

Sagent Lending Technologies powers lending processes that achieve lender business objectives and deliver positive borrower experiences. We blend expert perspective with relentless client service. Technical excellence with interpersonal trust. End-to-end breadth with a partnership focus. And we do it all so that we can grow wisely. Together.

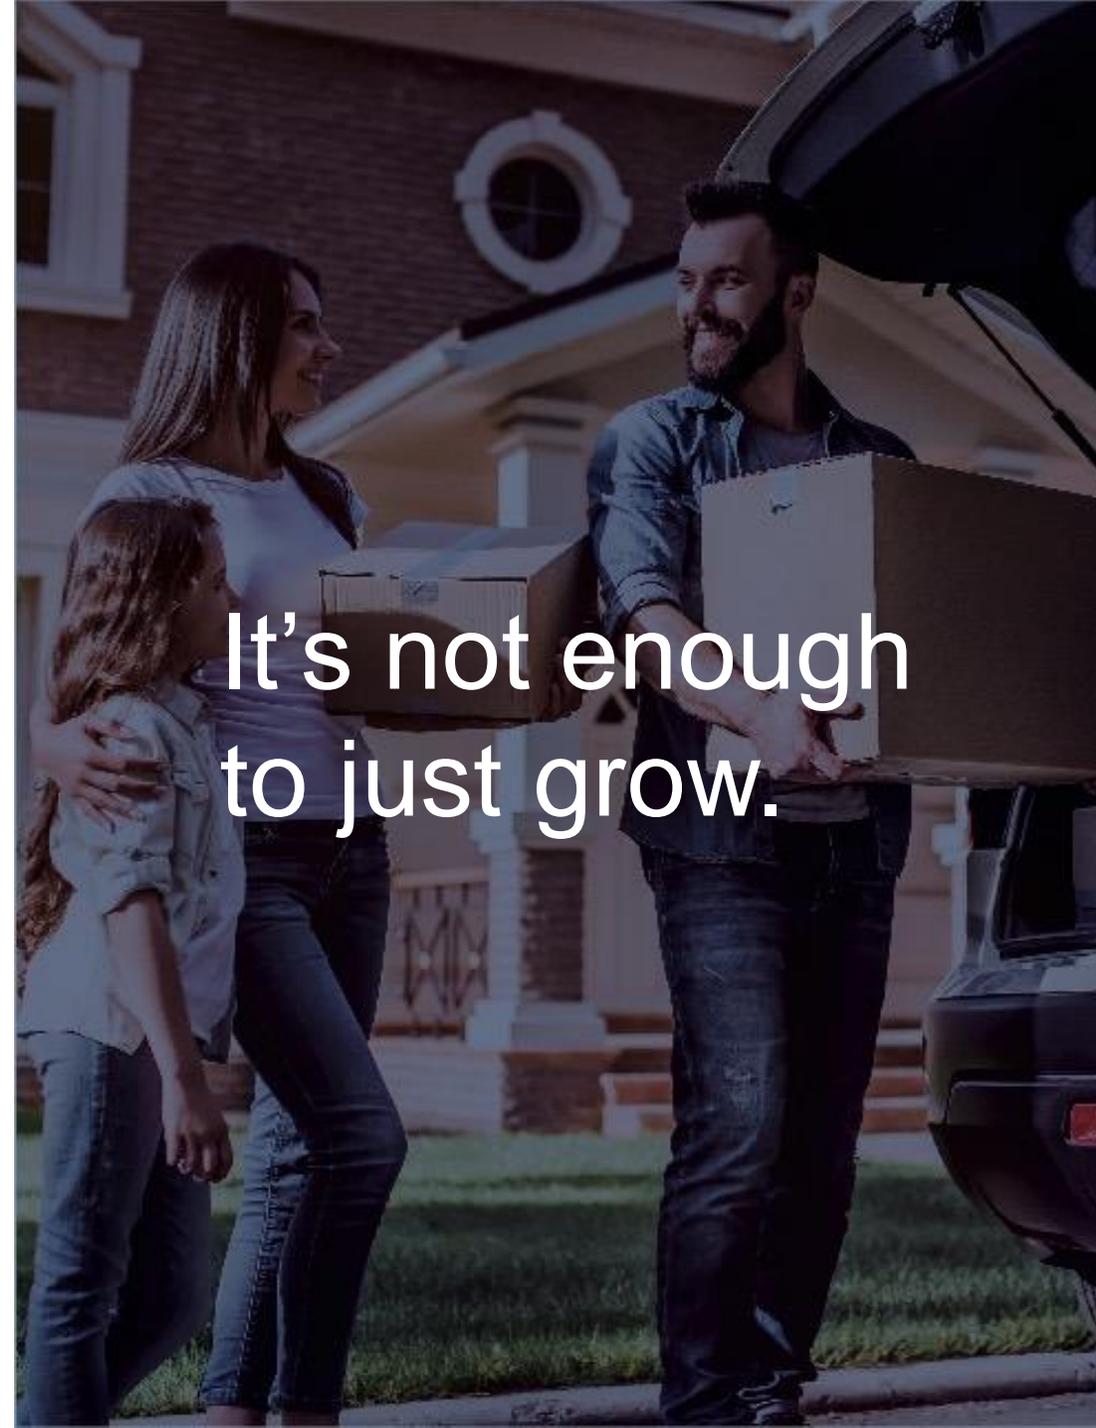

# People-centric partnerships help you grow wisely.

---

With our people-first approach, we build technology—but we grow relationships. We are a team of professional, energetic people who put uncommon value on providing steady and ethical support. We start at comprehensive compliance, safety, and stability. But we deliver so much more. While our lending team brings incredible knowledge and expertise to the table, we are always ready to listen.

Ready to learn. Ready to lead.

It's not enough  
to just grow.
