**Prepare your  
students, Increase  
your success!**

The admissions landscape is rapidly  
changing. Students are struggling to  
keep up.

Cirkled In helps students increase  
their acceptance rate. And when  
students succeed, YOU succeed!

## Why Cirkled In?

Cirkled In is an award-winning, secure, digital  
portfolio and profile platform that allows you to:

- Increase students' success in college admissions and employment.
- Know students better and faster with a 30-second profile view.
- Improve quality of communication and be able to personalize learning.
- Recommend students individually or as a group.

## Prakriti Shukla

I am in 9th grade at Tesla STEM School. I am a driven and an independent individual. I am active in math and science competitions, music programs and developing as a holistic person. I love math and working on numbers. Being in STEM choice school allows me to strive to be better and challenge myself in the academic standpoint. I give back to the community by volunteering in Take Action Club, Recycle club, and more, in my community.

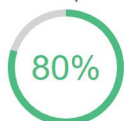

**My Hobbies :** Some of my hobbies include playing soccer, participating on a competitive swim team (Wave Aquatics), and programming. In addition, I enjoy playing the piano and singing as well. I also play the violin for my school orchestra.

**Something I'm Proud Of :** Recently I helped an employee at a local department store. Employee was so delighted that he came back and gave me a gift. He commented, "I have never met such nice kid". It was very comforting to know that I am developing as an empathetic and caring individual.

Date of Recommendation: 2018  
Years Interacted: 2001 - 2011

Dear Admissions Committee, I had the pleasure of teaching Sara in her 11th grade honors English class at Mark Twain High School. From the first day of class, Sara impressed me with her ability to be articulate about difficult concepts and texts, her sensitivity to the nuances within literature, and her passion for reading, writing, and creative expression- both in and out of the classroom. Sara is a talented literary critic and poet, and she has my highest recommendation as a student and writer.
