# COVID-19 CORONAVIRUS APP

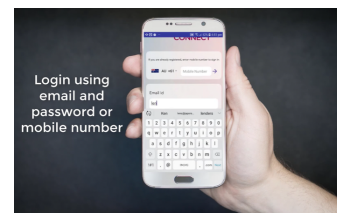

**Keeping people safe, connected and informed virtually**

## It's Easy to get Started with the COVID-19 App

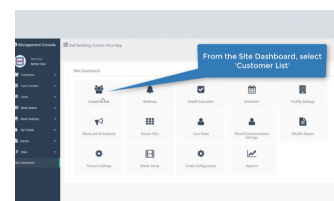

1. Contact Checked In Care to set up your account
2. Set up users ( staff, clients and family email and/or mobile details) in the Admin portal
3. Confirm which icons/information will be on the app for each of staff, clients and family
4. Send out notification to staff, clients and family with link to download the app so they can start using immediately
5. Start using the app

## How to Videos

**COVID-19 App use** <https://vimeo.com/397123325>

**Administration Panel:** <https://vimeo.com/397144731>

These videos show potential features – However most organisations simply want the ability to manage communications to staff, clients and families either by broadcast, group or 1-1 messages.

To find out more about the COVID-19 App and how you can start accessing it, contact John Perkins, Director, CheckedIn Care. M: 0415 60 70 55 E: [john.perkins@checkedincare.com.au](mailto:john.perkins@checkedincare.com.au)
