The **Giving Manager** allows employees to easily engage with their preferred charities, find new charities to engage with through our powerful search and filtering tools, and participate in focused giving campaigns—including disaster relief and peer-to-peer fundraising. Users can monitor their donations and matches through an intuitive donation history dashboard that also provides maximum visibility into the payment distribution process.

The **Volunteer Manager** provides comprehensive and configurable features to manage and encourage participation in volunteer programs. Users can quickly find and register for volunteer events, manage their skills profile and find skills-based projects, create recurring hours, and participate in volunteering incentives like volunteer time off and dollars-for-doers.

GrantsConnect is a highly self-serviceable platform, and provides clients with all the tools for grant lifecycle management. Its user-friendly design allows clients to efficiently manage their grant programs with tools like automated workflows, language and currency conversion, communication tools, the ability to manage multiple budgets and funding sources, and so much more.

GrantsConnect's comprehensive reporting capabilities empower clients to create visually engaging dashboards and flexible ad-hoc reports. Clients can quickly and easily access program data and share the stories of their impact.

YourCause's Global Good Network
