

Atlas Digital Workspace

Atlas ConneX

Connecting People
to Knowledge

Atlas is the place to get work done

Atlas Collaboration

Bringing people together to do their best work through integration and smart tools, leveraging the power of Microsoft 365 and **Microsoft Viva**.

Atlas Communications Intranet

Atlas embeds within and enhances Microsoft **Viva Connections** with enterprise grade features such as personalisation and targeted content and user engagement.

Atlas Knowledge

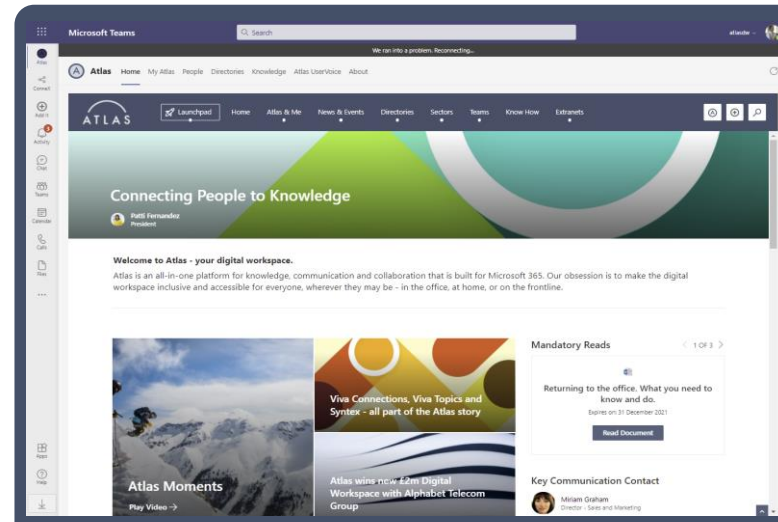

Atlas empowers users with answers by making the contribution, findability and sharing of knowledge intuitive. Atlas even integrates with and extends **Viva Topics**.

Atlas ConneX

Users can create the sites, teams and groups they need, backed by a powerful governance framework and management dashboards.

Atlas AI / Smart Tools

A collection of advanced tools that make work more effective and productive. Atlas even helps organisations take advantage of **SharePoint Syntex** for Content Automation.

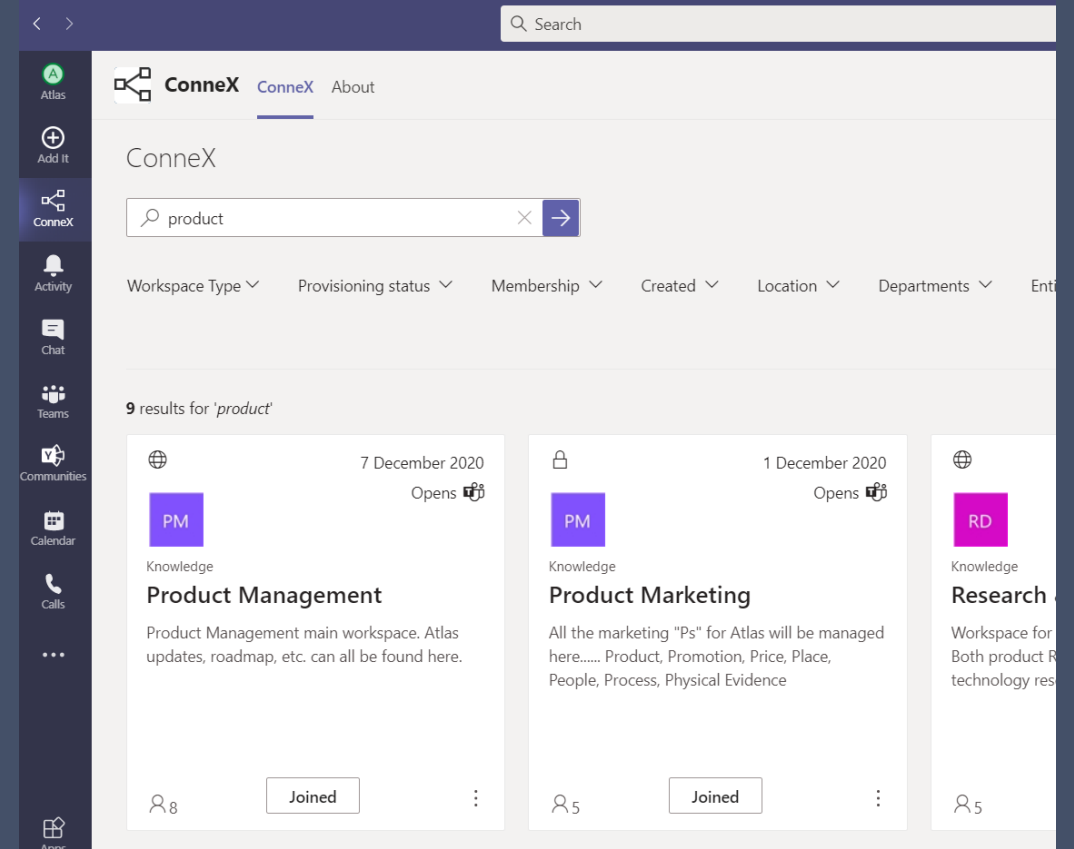

Atlas and the Atlas roadmap takes advantage of Microsoft Viva, Viva Connections, Viva Topics and SharePoint Syntex.

Atlas ConneX

Easily navigate across Microsoft Teams, Office 365 Groups, Yammer and more in a single interface.

Atlas ConneX is a powerful and user-friendly tool that improves the findability of content and the search experience of Teams. This powerful tool is your launchpad to all your collaboration areas across Office 365 and gives you visibility of the groups you belong to and which ones you can join.

Atlas ConneX

Trying to find that workspace you worked on last year with Sally on that huge tender? Not sure if you were in SharePoint, Teams or Yammer? Fear not, Atlas ConneX will find it fast.

An advanced workspace provisioning tool designed for the end user. Multiple templates are available for Comms, Knowledge Management and Collaboration Teams.

Want to find all Microsoft 365 collaboration areas in relation to a client, a project or a task? Use the powerful listing facility and away you go!

Atlas ConneX

Govern workspace creation including Teams

Want a new Project collaboration area or somewhere to share documents with customers or partners?

The wizard guides the user automatically applying tags and the organisations Information Management model. The workspace can even be automatically applied to Add It and the Atlas Navigation bar.

New Workspace

Workspace initial setup

What type of workspace would you like to create?

	Knowledge Includes all workspace templates focused on Knowledge management for...		Communication Includes all workspace templates focused on Communication for different...		Collaboration Includes all workspace templates focused on Collaboration for different...
			Legal Includes all workspace templates focused on the legal vertical for different scenarios.

My ConneX

All your latest Atlas workspaces and Microsoft 365 Groups available in one place. From the card, you see your group members, or jump straight into Teams, Yammer, SharePoint, Documents, Planner or OneNote.

Display in List or Card mode.

Benefits

01

Extend visibility

Powerful search surfaces and extends all collaboration spaces.

02

Empower agility

Give users the freedom to create the spaces that they need to do their job.

03

Save Time

Empower users with simple intuitive tools keeping them engaged and satisfied.

04

Enhance governance

Apply policy and maintain visibility at all time. Expose compliance issues.

05

Reduce the burden on IT

Simplify the provisioning process for users and enable self-serve.

06

Designed for everybody

An intuitive, wizard driven interface designed for everybody, not just techies.
