Quick Access to Assets

By scanning a QR code, you can instantly see what's going on with your assets. Check recent activity, take training, perform a checklist, do a QA check and more – all right from the asset.

The screenshot displays the Noviqu mobile application interface. At the top, the Noviqu logo is visible on the left, and a notification bell and user profile icon are on the right. Below the header, the breadcrumb navigation shows 'Assets / Range + Flat Top Detail'. A 'Request Maintenance' button and an 'Actions' dropdown menu are located in the top right corner. The main content area is divided into several tabs: 'Activity', 'Additional Details', 'Training', 'Checklists', 'Forms', 'Notes', and 'Documents'. The 'Checklists' tab is currently active, displaying a table with the following data:

Name	Version	Due Date	Actions
▶ Closing Flat Top Checklist	1		Complete
▶ Opening Flat Top Checklist	1		Complete

Below the table, there are navigation arrows and a page indicator showing '1' out of '1 - 2 of 2 items'. On the left side of the screen, a vertical sidebar contains various icons for navigation. A 'Detail' section below the asset image shows a photo of a stainless steel range with a flat top. Below the main screenshot, a smaller inset shows a checklist titled 'Complete Pre-Run Checklist' with a 'Complete' button and a 'Back' button. The checklist items are:

- Double check that the hoses are in place ar
- Check that all nozzles are tightened

Below the checklist, there is a section for 'Water Run' with the following item:

- Run 1 cup of water through the hoses

Know Who's Properly Trained

Keep track of who's up to date on their training and even let the system re-assign them next years training without you having to lift a finger. We keep track of all training records so you don't have to.

And as a bonus, use our skills assessments to see where your gaps are.

The screenshot displays the Noviqu software interface. At the top, the Noviqu logo is on the left, and a notification bell and user profile are on the right. Below the logo is a navigation menu with options: Enter Tag, Dashboard, Safety, Maintenance, Training, My Training, and My Skills. The main content area is titled 'Training / Detail - CNC Monthly Cleaning Procedures' and includes status indicators for 'Restricted' and 'Unpublished'. A 'Details' panel on the left shows the description 'Cleaning and Lubricating' and an 'Estimated Completion Time' section. On the right, there are progress bars for 'Total Complete' (25%) and 'Average Score' (100%). Below these is a table of assigned users with columns for Name, Position, Area, Complete, Completion Date, and Time To Complete.

Name	Position	Area	Complete	Completion Date	Time To Complete
Anna Haney	CEO	2nd Floor	Yes	05/04/2018	0 minutes
Chad Haney	Chief Technology Officer	2nd Floor	No	n/a	
Chris Kellard		1st Floor	No	n/a	
Collin Bunch		1st Floor	No	n/a	

The bottom section of the interface shows a skills assessment for 'Bottle Feeding Zone'. It includes instructions: 'Please rate the bottle feeding lines below based on your ability to perform routine CIL and Quality Checks, clear jams, perform changeovers, troubleshoot, and conduct small part repair using the evaluation scale above.' There are three assessment sections: 'Line 33 (New England)', 'Line 34, 35, 38 (Tolke/BTU)', and 'Line 36 & 37 (Posimat)'. Each section has five circular progress indicators numbered 1 to 5. The indicators for Line 34, 35, 38 and Line 36 & 37 show varying levels of completion (e.g., 2/5 and 3/5 filled).

Put your procedures in place

Put your own processes and procedures into our framework and track every incident, potential hazard, suggestion or more!

The screenshot displays the Noviqu mobile application interface. At the top, the Noviqu logo is on the left, and a notification bell and user profile icon are on the right. A navigation menu on the left includes options like 'Enter Tag', 'Dashboard', 'Safety', 'OSHA Logs', 'Forms' (highlighted), 'Maintenance', 'Training', 'Checklists', 'Assets', 'Areas', 'Reporting', 'Admin', 'Feature Request', and 'Help'. The main content area shows the 'Forms / Potential Safety Hazard / Detail' screen. It features a search bar, an 'Export to PDF' button, and a table with columns for 'Name', 'Completed On', 'Version', and 'How urgent issue?'. A single entry for 'Anna Haney' is visible, completed on '08/01/2018 08:45 PM' with version '2'. Below the table are navigation arrows and a page indicator '1 - 1 of 1 items'. The form details on the left include sections for 'Type' (Safety), 'Description' (To be used if there is a potential safety hazard noted), 'Categories' (Communications, Safety), 'Areas' (1st Floor, 2nd Floor, HR Department, Bay Window, Kitchen), 'Assets' (Automatic 20 liter bottled water filling machine, Range + Flat Top, Laser engraving machine acrylic material leather background wall non-metallic engraving machine, Salsa Bottler), and 'Version' (2).

Keep Track of Work Orders

Know the status of every open work order – whether it's preventative or reactive with ease. We make it easy to update your team as to what's going on, what the priorities are, and even put them on their dashboard for quick access.

The screenshot displays the Noviqu Work Orders interface. At the top, there is a blue header with the Noviqu logo and a user profile icon. Below the header, a navigation breadcrumb shows 'Maintenance / Work Orders / Oil Leaking'. A vertical sidebar on the left contains various icons for navigation. The main content area is divided into two panels. The top panel shows details for an 'Oil Leaking' work order, including a description, site, area, asset, and assigned person. The bottom panel shows details for a 'Weekly Lubrication' work order. To the right of the work order details, there are tabs for 'Activity' and 'Photos', a 'Note' section with a text input field, a status dropdown menu set to 'In Progress', and a 'Save' button. Below the status dropdown, there is a 'Work Order Update' section with a timestamp and user name.

Oil Leaking

Description: Oil leaking from bottom of forklift - Contact engineer

Site: Noviqu Headquarters	Type: n/a
Area: 1st Floor	Priority: High
Asset: Unit 4 Forklift	Status: In Progress
Assigned To:	

Weekly Lubrication

Description: This is to be used to track every lubrication of the equipment every week.

Site: Noviqu Headquarters

Area: 1st Floor

Asset: Salsa Bottler

Type: Preventive

Priority: Mid

Activity | Photos

Note: Type your notes here.

In Progress [Save]

Work Order Update - Status changed to In Progress
I've looked into the issue and will have to return while it's running to see if it continues to leak.
Anna Haney - Sep 11th, 2018 at 2:26 PM

Run Unlimited Custom Reports

We know that you need to be able to run your business with the information most important to you. That's why our custom report builder is intuitive and allows you to create and pull reports as you need them with the information you care about most.

The screenshot displays the Noviqu reporting interface. The top navigation bar is blue with the Noviqu logo and a user profile icon. The breadcrumb trail reads 'Reporting / Reports / Completed Training for AM Shift'. On the right, there are 'Export' and 'Print' buttons. A vertical sidebar on the left contains various icons for navigation. The main content area features a search bar and a table of training records.

Name	Area	Training	Version	Complete Date	Score	Attempts	Time to Complete
Anna Haney	2nd Floor	JC CRQS Training	1	03/02/2018	40	1	0
Anna Haney	2nd Floor	Flat Top Basics	1	08/01/2018	100	1	0
Chad Haney	2nd Floor	Test Training for recurring issue.	1	08/23/2018	100	1	0
Anna Haney	2nd Floor	Test Training for recurring issue.	1	08/23/2018	100	1	0
Anna Haney	2nd Floor	5G Training	0	02/15/2018	60	4	
Anna Haney	2nd Floor	Personal Protective Equipment	11	03/05/2018	100	1	0
Anna Haney	2nd Floor	Personal Protective Equipment	11	05/04/2018	100	1	0

This inset screenshot provides a closer look at the table from the main interface. It shows the table header and the first three rows of data.

Name	Area	Training	Version	Complete Date	Score
Anna Haney	2nd Floor	JC CRQS Training	1	03/02/2018	40
Anna Haney	2nd Floor	Flat Top Basics	1	08/01/2018	100
Chad Haney	2nd Floor	Test Training for recurring issue.	1	08/23/2018	100
