

Systems evolve. Documentation doesn't.

Surface X-ray automatically and continuously documents all your systems and databases, finds hidden dependencies, uncovers technology silos, identifies subject matter experts and stores all your key knowledge in a Business Value Lockbox.

01 Rapid deployment

02 Immediate value

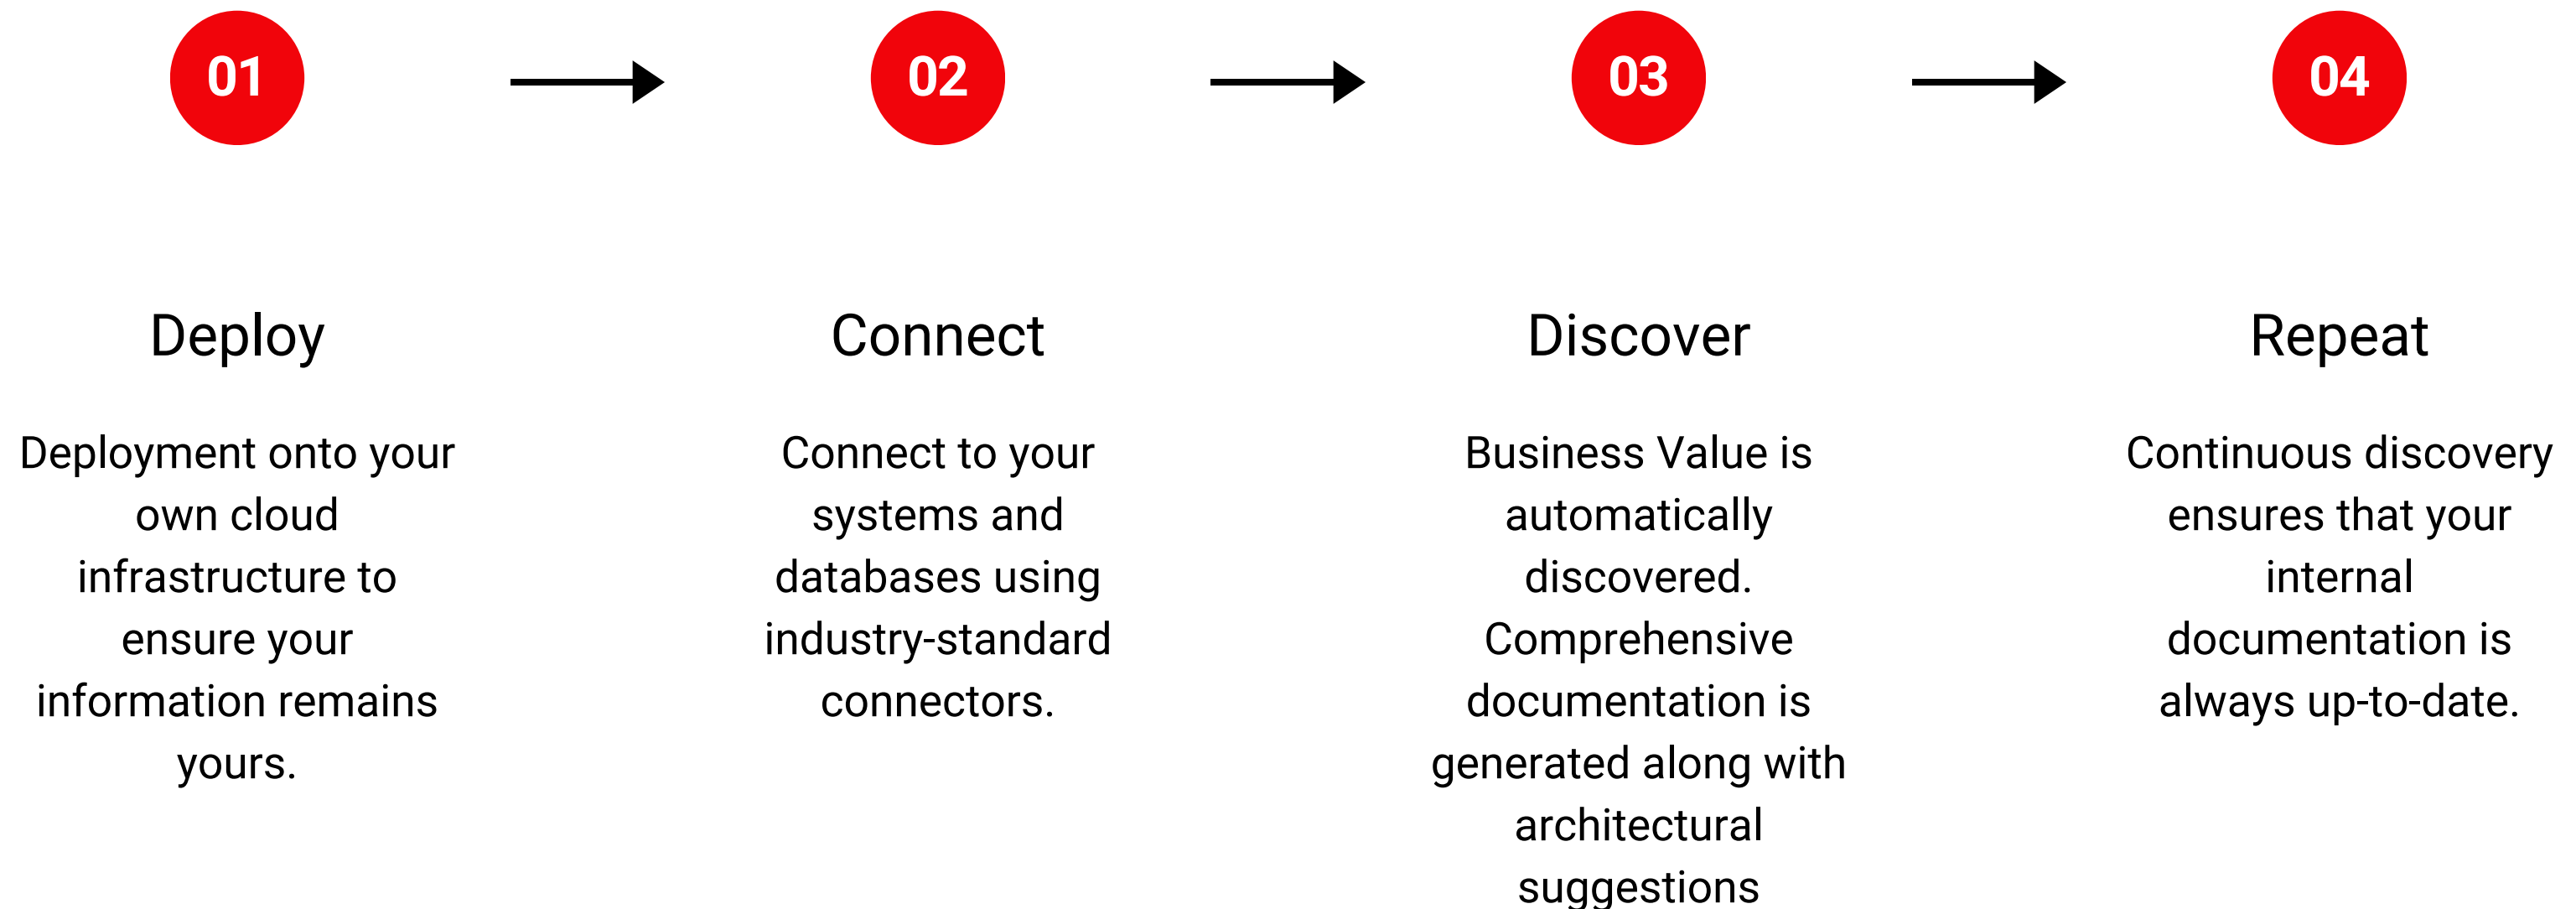

03 Incredible ROI

Point-and-Click Approach

Business Value Discovery is rapidly deployable and starts providing value immediately after the deployment.

All without expensive consultancy fees.

How does it work?

Fits into your landscape

Surface X-ray connects to all your systems.
