Saving Time And Money

The iVano 365 Digital Workflow Management System saves time and money by automating your dictation and document workflow. Admin and Authors can instantly view the status of all dictations and documents.

Prioritise your dictations or tasks to ensure urgent work is completed first

We support 99.9% of USB enabled legacy, e.g. Olympus and Phillips USB microphones and foot pedals.

Client Reviews

"iVano 365 has been a great development for my practice. It is easy to use and has allowed my fellow Consultants and secretaries to work flexibly and remotely in a secure way. It has sped up communication with patients and GPs and means we always have access to patient letters to answer queries. It is also GDPR compliant.

It has been a real step forward for my practice."
