

Power Platform App in a Day Workshop

Held in-person or virtually this workshop focuses specifically around building Low Code No Code applications using Power Apps and Power Automate. This workshop can be broken down into two 4-hour sessions or multiple day sessions.

**1-day workshop for client to understand/build a Power App.
Price: \$3,200**

Included in your customized App in a Day Workshop will be:

- Build canvas and model-driven applications for your end users.
- Use Dataverse to store business data.
- Integrate Power Automate to automate approvals and send emails.
- Evaluate PowerApps' ability to meet organizational requirements around building applications.
- Learn how PowerApps can help you be more efficient and make a greater impact on the work you do every day.

Dedication. Innovation. Results.
