

Create a resilient and intelligent supply chain

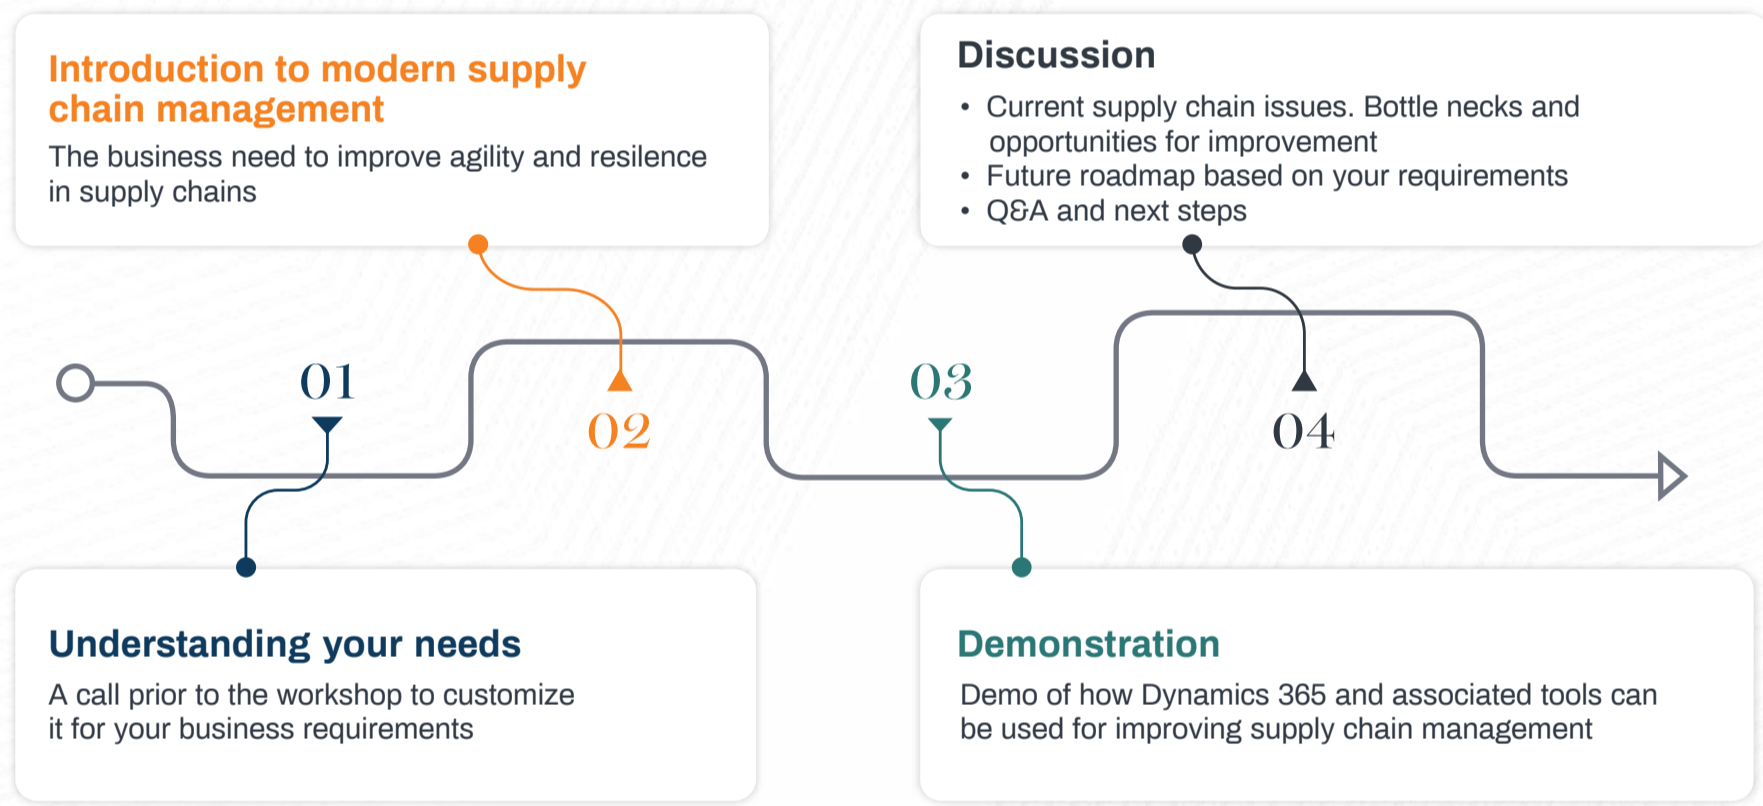

Special Offer

Columbus Offer "Create a resilient and intelligent supply chain" is a one-day workshop that will help your team to learn:

You don't need to have IT knowledge to be a part of the Workshop. Understanding of your current processes, operational activities & future requirements matter the most.

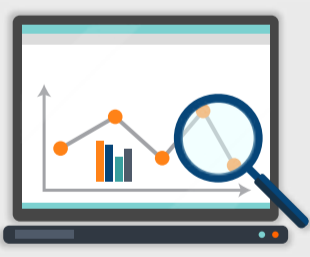

Workshop in details

Business Use Cases

During the workshop, we will introduce you to the modern supply chain management and demonstrate how it can be enabled with Microsoft technologies based on the actual business use cases.

Improved demand forecasting

Modelling the supply chain

Reacting to changes in demand and supply

Identifying risks in the supply chain

Why invest time and effort?

75% of business had disruptions to their supply chain in the past year (McKinsey)
