MazarsNow! Procurement — Microsoft

Modernize your Supply Chain with MazarsNow! Procurement and Microsoft Dynamics 365.

Rapid Deployment

MazarsNow! Procurement offers an 8 to 10-week implementation leveraging Microsoft Dynamics 365 for Supply Chain Management.

This out-of-the-box solution comes pre-configured using best practices and industry leading technology. Maximize value and consolidate purchasing power while reducing managed spend with rapid deployment.

This solution is on a cloud-hosted environment utilizing Microsoft Azure and has a mobile app that is enabled using Apple, Android, and Microsoft Teams. It also has catalog punch-out with popular websites such as CDW and Office Depot.
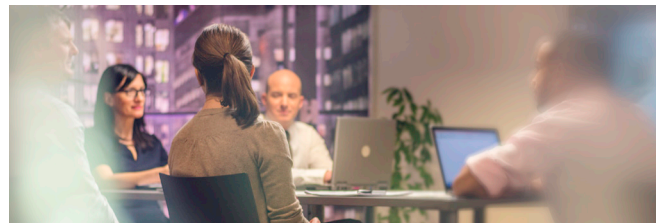

Overcome Procurement Obstacles

Procurement management is often filled with challenges and difficulties. Gaps in information, line item details, and purchasing history has led to the inability to effectively order, manage, and account for purchases.

Key Benefits

Mazars — Procurement Rapid Deployment drives value to your organization by:

- Driving process control
- Increasing organizational efficiencies by consolidating bulk purchases and driving down costs
- Streamlining your supply chain
- Adding visibility and accessibility across departments and regions using intelligent workflows and process automation
- Utilizing fixed price, scope, and timeline.

Add Compliance and Control to your Supply Chain

Our solution means visibility into reporting through better analytics. There is also an increase in overall compliance when all staff conforms to the same process and everyone has a single view into ordering system, distribution of vendors, and discounts on bulk orders.

Key Features:

Our Procurement Implementation includes these industry leading features:

Procurement policies — Ensure the most advantageous balance of price, quality, and performance

Vendor management — Select vendors, negotiate contracts, control costs, reduce vendor-related risks, and ensure service delivery

Procurement catalogs & pricing — Reduce the friction with all information upfront

Requisitions & Sourcing — Assign a source of supply to a submitted requisition

Purchasing — Ordering, expediting, receiving, and fulfilling payment

Vendor collaboration — Grant access to your vendors to review, accept, or deny requests

Purchase analytics — Measure purchase order cycles, improve payment terms, evaluate payment accuracy, discover rebate opportunities, identify mistaken payment, and reduce fraud

Why Mazars?

Mazars' Microsoft Practice, a Microsoft Gold Partner, offers end-to-end solutions covering all three Microsoft Cloud Offerings including Azure, Workplace Mobility and Business Applications. Our focus areas include Dynamics/Power Platform solutions as well as analytics, IT infrastructure and automation using RPA (Robotic Process Automation) to provide better business outcomes for our clients.

The Mazars Microsoft Practice has the industry breadth and depth, along with Microsoft Solution experts, needed to quickly implement Microsoft Business Solutions for you and your business.
