Microsoft 365 Copilot Workshop

Held in-person or virtually, the Microsoft 365 Copilot Workshop is a combination of presentations and demos that will educate and excite your organization on how to transform the employee experience with artificial intelligence integrated into Microsoft 365. The goal of the workshop is to position the the organization to leverage organizational data to add intelligence to the workforce. This workshop can be broken down into multiple 4-hour sessions or multiple day sessions.

Price: $5,000

Microsoft 365 Copilot

Grounded in **your business data**	Microsoft 365 Copilot has real-time access to both your content and context in Microsoft Graph.
Comprehensive **security, compliance, and privacy**	Copilot inherits your security, compliance, and privacy policies set up in Microsoft 365.
Architected to protect data	Your data never leaves its secure partition, and it is never used for training purposes.
Integrated into the **apps you use every day**	Word, Excel, PowerPoint, Outlook, Teams, and more.
Individual user and admin **always in control**	User decides what to use, modify, or discard.
Designed to **learn new skills**	As Copilot learns about processes, it can perform more sophisticated tasks and queries.
