Data Retention Labels

The screenshot shows an email client interface. At the top, there is a toolbar with icons for deleting, moving, flagging, replying, forwarding, and attaching. Below the toolbar, the email content is visible, starting with a 'Retention' header. The email body includes a greeting 'Hello', a signature 'Regards,', and a promotional banner for 'Linktech Australia' with social media icons and a 'Get unlimited support' message. A context menu is open on the right side of the email, displaying various actions. The 'Retention labels' section is highlighted, showing options like '1 Week Delete', '1 Month Delete', '6 Month Delete', '1 Year Delete', '5 Year Delete', 'Linktech - Internal', 'Linktech - Private', 'Linktech - Public', and 'Never Delete'. The 'Use parent folder policy' option is selected with a checkmark. The 'Assign policy' option is also visible at the bottom of the menu.
