Overcome the Challenges of Hybrid Work

ABOUT ECF DATA, LLC:

Helping your company thrive has been the sole mission of ECF Data since its founding in 2010. As a Microsoft Gold Partner, ECF transforms businesses to make them more effective, collaborative, and productive.

See what customers are saying:

“The workshop served as a supplemental platform for us. With Teams, we lessened our costs and provided our employees with an enriched calling experience.”

Lance Peet, Director IT Service Delivery
Manager, Regeneron Pharmaceuticals Inc.

WHAT WE OFFER

The Modernize Communications workshop is a three-day engagement offered by ECF to enhance customers' experiences with Microsoft Teams Phone capabilities and calling scenarios both in-person and virtual. The workshop deliverables include:

- An evaluation of current telephony and PBX needs
- An environmental and workload analysis,
- The 'Art of the Possible' for Microsoft Teams Phone – a combination of presentations and immersive experiences designed to showcase Teams phone capabilities and identify migration strategies
- Direction on how to transition various user profiles into a modern collaboration and communication environment
- A services overview featuring versatile offerings across Operator Connect, Direct Routing, and Microsoft Calling Plans.
- A third-party showcase featuring a rich portfolio of applications and devices that can complement the Microsoft Teams Phone experience
- Customized, actionable recommendations you can follow to enable and adopt Microsoft Teams Phone

Why Microsoft 365?

Save your company money

Microsoft 365 is available as a simple monthly subscription. Avoid large up-front costs for new software while moving the cost of IT from capital to operating expense. And without on-premises servers to run email, websites, and document storage, you can reduce energy costs and save by no longer purchasing new server hardware.

Scale your business quickly and flexibly

Microsoft 365 grows with you on the Microsoft Azure cloud. Adding a new user is as simple as buying an additional license, which allows access to business-critical technology on up to five PCs/Macs and five mobile devices. Microsoft 365 provides many plans to fit the right capability needs and price points for each user in your organization.

Technical support

Your Microsoft 365 subscription comes with 24/7 support from a global network of experts, with one-hour response for critical, service-impacting events.

Financially backed SLA

Get peace of mind knowing your services are available when you need them with a financially backed, 99.9% uptime service-level agreement.

Simplified IT management

Reduce headaches by reducing your IT infrastructure. Content lives safely in globally distributed data centers with continuous backup and disaster recovery abilities.

Microsoft 365 is a cloud-based subscription service that brings together the best tools for the way people work today. By combining best-in-class apps like Excel and Outlook with powerful cloud services like OneDrive and Microsoft Teams, Microsoft 365 lets anyone create and share anywhere on any device.

Key use cases

Business-class email

Build anything from lightweight websites to multi-tier cloud services that scale up as your traffic grows.

Cloud storage

Rely on geo-redundant cloud storage for backup, archiving, and disaster recovery.

Meet online

Get actionable insights from your data by taking advantage of a fully compatible, enterprise-ready Hadoop service.

Collaborate, chat privately

Accelerate your mobile app development by using a backend hosted on Microsoft Azure.
