

# Cloud Application Transformation Workshop

With over 20+ years of Microsoft strategic global partnership, we bring together full range of integrated digital services, market-leading technology, a deep understanding of legacy infrastructure, and the experience needed to de-risk cloud migration & modernization.

## What We Offer

The Decision Factory considers business and technology factors, guiding transformation recommendations and appropriate cloud choices by Eviden.

Eviden's consultants audit current applications, building a strong cloud migration case in just 6-12 weeks for rapid business value.

Eviden's Cloudification Factory transforms applications, backed by their expertise in cloud architecture, development, engineering, and deployment.

# Cloud Application Transformation Workshop

## How it Works

Two-hour highly collaborative workshop approach that starts with the realities of today, generates targeted changes toward the future state, and produces an executable roadmap guided by business outcomes.

## Execution Strategies and Solutions

**Objective:** Understand your current landscape and challenges then create a vision of the future.

Current State

Pain Points & Opportunities

Market Trends

Ideation

Vision & Drivers

Baseline

**Outcome:** A digital transformation approach and recommendations of the next steps that will produce quick value for client business.
