

Dynamics NAV to Business Central Migration

1 WK Assessment

Unlock the power of modern enterprise resource planning (ERP) without the upfront cost! We're excited to offer you a unique opportunity to migrate from your existing Dynamics NAV system to the advanced Dynamics 365 Business Central On-Premises platform, all at zero initial investment.

WHAT WE OFFER

- Check the type of NAV licenses in use and how they migrate to Business Central
- One NAV license will get you 3 named licenses in Business Central

- Our experts will assess the existing infrastructure and will give recommendations for any upgradations needed

- If your NAV enhancement plan is lapsed, our experts will guide you through the process of renewing/reactivating the same

- Our dedicated migration experts will guide you through the entire process, ensuring a hassle-free transition and providing comprehensive training to make the most of the new system
