Microsoft Dynamics 365 Human Resources & More

Prepare your Organization for the Future

1. Modernize Talent Acquisition

Shorten your hiring cycle, improve candidate experience, increase employee retention and secure Top Talent for your organization.

2. Drive Operational Excellence

Integrate your system into a cloud environment to nurture a high-performance culture and optimizing operational expenditure.

3. Boost Employee Success

Empower your employees to produce outstanding results, improve personal development and increase job satisfaction.

FourVision

It Starts With You!

Structure, Relieve, Streamline your organization's HR solution to be prepared for the future!

FourVision improves the lives of your workforce as the Global leading implementation partner of Microsoft Dynamics 365 Human Resources.

We have established industry knowledge and skill to resolve your complex HR challenges. We listen to you and stand together to ensure your solution suits your exact needs.

Our skilled consultants can implement Microsoft Dynamics 365 Human Resources with minimum disruptions to your daily business processes and provide you with an efficient and powerful experience throughout the entire employee lifecycle.

When your Employees Succeed
You Succeed!

Create your **end-to-end** HR solution with Dynamics 365 Human Resources and **FourVision Web Apps**

Every organization has requirements for an HR system specific to their situation. In many cases the standard 'out-of-the-box' Dynamics 365 Human Resources covers these needs perfectly. However, we have found that many organizations need additional functionality.

Our flexible, cloud-based applications allow us to offer an extensive suite of Web Apps that provide the additional functionalities and optimizations for Microsoft Dynamics 365 Human Resources to ensure your HR processes are fully supported.

Our **Solutions**
