2019 Microsoft 365 app award winner

1st in Best Overall App

Microsoft 365 Certified

Your own intelligent personal assistant (MIPA)

Structures your workflow in Outlook and Teams

Enhance individual and team productivity with MIPA for Teams. Access all your tasks, work on tasks and notes in one place.

Manage tasks

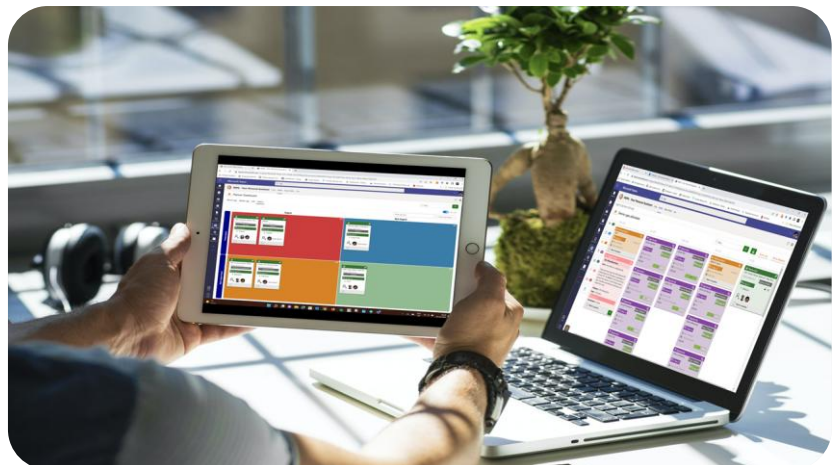

Get a clear and organized overview of all your tasks you can edit and manage directly in Teams or Outlook.

Prepare for your meeting

When clicking on a contact, you can easily send an email, start a chat and search the person online and on LinkedIn.

Create a task from a chat

Create a task, while chatting with a co-worker in a Teams chat.

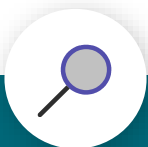

Task across plans and team members

With MIPA for Teams you can now gather all tasks from different team-members across different plans in Planner creating a full overview of any given project in your team.
