

# Unlock the value of Mixed Reality in Manufacturing: Field Service Operations

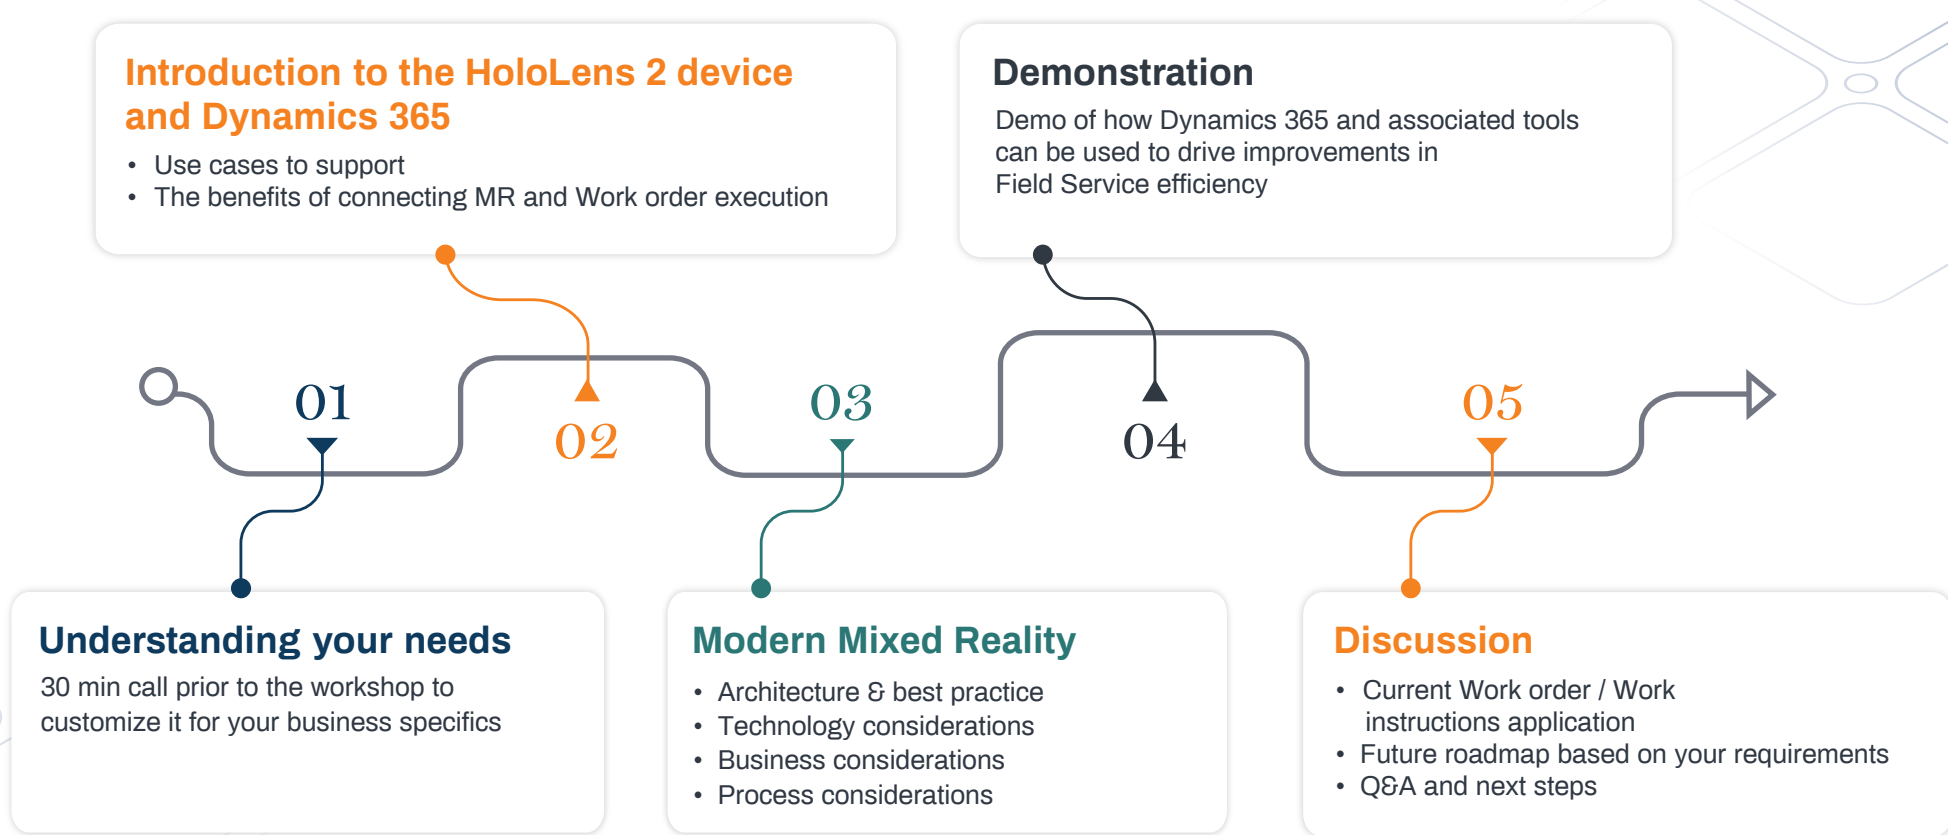

Special Offer

Columbus Offer “Mixed Reality in Manufacturing: Field Service Operations” is a one-day workshop that will help your team to learn:

You don't have to have IT knowledge to be a part of the Workshop. Understanding of your current processes, operational activities & future requirements matters the most.

## Workshop in details

## Business Use Cases

During the workshop, we will introduce you to the new opportunities that Mixed Reality entails and demonstrate how it can improve field service operations in your company based on the actual use cases from the manufacturing industry.

### HANDS-FREE SERVICE EXPERIENCE

Enabling the Field Service technician to fully focus on the task at hand

### EXPERT ADVICE - IN THE FIELD

Let your domain experts share their knowledge with all Field Technicians through interactive Guides

## Why invest time and effort?

By 2023, 40% of organizations will blend virtual and physical experiences, leading to increased workforce productivity and customer reach (Gartner).
