Microsoft 365 Copilot Workshop

The power of every-day AI

In today's dynamic and competitive business environment, organizations will need to leverage the power of AI to enhance their productivity, creativity, and innovation. Adopting AI requires careful planning, preparation, and readiness to ensure success and ROI, and Microsoft 365 Copilot is no exception.

Prepare for the future of productivity

Take the first steps toward helping your organization unleash creativity, unlock productivity, and level up skills with Insight's Microsoft 365 Copilot Workshop. Delivered by our team of Microsoft Modern Work experts, this workshop will provide you with everything you need to understand how Microsoft 365 Copilot will impact your organization and what you need to do to ensure success.

What to expect

The workshop is delivered over several hours and will provide:

- An overview of Microsoft 365 Copilot including product demos and Microsoft's approach to responsible AI.
- A review of technical requirements and what's needed to get your organization AI-ready.
- An assessment of your organization's Microsoft 365 Copilot readiness.
- Identification of key stakeholders and prioritized business scenarios
- A recommended roadmap and proposed next steps.

Outcomes

The outcome of the workshop provides a plan for Microsoft 365 Copilot that includes a summary of workshop findings, recommendations for implementation based on prioritized business scenarios, potential risks, recommended pilot and adoption approach, and a roadmap with proposed next steps.

Who should attend

Whether your organization is ready to invest in Microsoft 365 Copilot licensing or is just curious about what this solution can do, this workshop is meant to bring your business together to determine the value of AI in your organization.

Benefits

- Understand what Microsoft 365 Copilot is and how it benefits your organization
- Receive an assessment of your organization's readiness
- Define the most effective use cases
- Receive a plan and roadmap for Microsoft 365 Copilot in your organization
