

Adoption & Change Management (ACM)

"The People Side of Change"

The successful adoption of Microsoft Teams Phone represents a change in behavior

It is more than a set of products—it is a fundamentally different way of working

This change is about people.

What is Adoption & Change Management?

Awareness - Of the need for change

Desire – To participate and support the change

Knowledge - On how to change

Ability - To implement desired skills & behaviors

R

Reinforcement – To sustain the change

ACM Defined

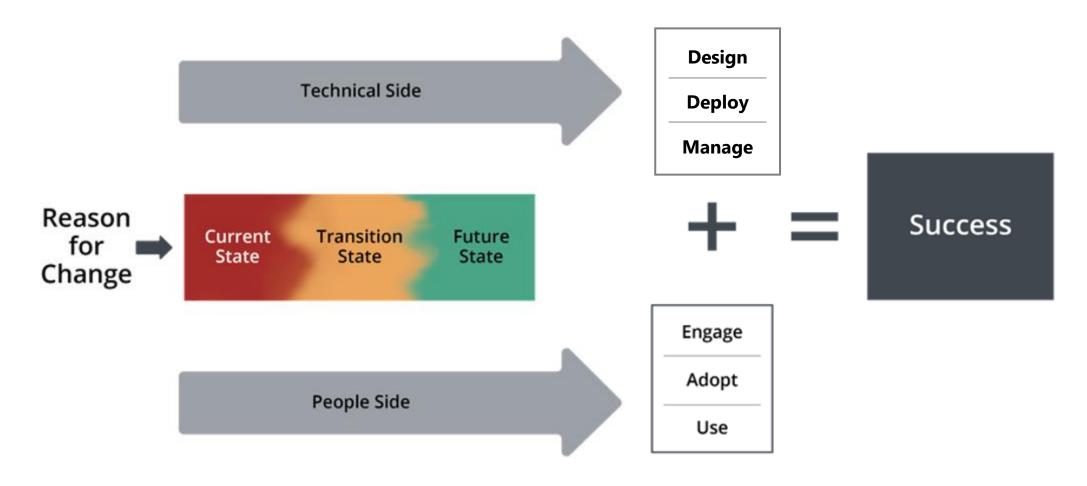

The application of a

- Structured process (ADKAR)&
- Set of tools (Communications, Training)

focused on leading the **people side of change** while achieving a desired **business outcome**.

It's all about... The Technical Side Working With People Side Of Change

Reasons to Invest in ACM

Increase probability of project success

Manage employee resistance to change

Capture people-dependent ROI

Build change competency into the organization

ACM for Every Stage

New Solutions

Working with a partner that has a dynamic Adoption & Change Management (ACM) offering is critical as you begin your transition to a new solution.

Workforces are naturally resistant to change, and deploying new technology requires a comprehensive and tailored approach to ensure users of all skill levels get the most out of your investment.

Existing Solutions

Dealing with a botched technology deployment? Avoid unhappy users, achieve solution potential, and realize anticipated ROI.

When deployments go awry, our Adoption & Change Management team works with you to realign your business goals, eliminate sources of friction, and strategize adoption and acceptance of your new solution.

Adoption & Change Management at Continuant

ACM Adoption Curve

Reinforcement

- Provide monthly updates on new features and functionality
- Access to continuing education
- Provide white glove opportunities as needed
- Provide access to on demand technical support

Awareness

- Ensure users understand the scope of the change and business decisions behind it by using organizational and targeted communications
- Create/guide a champions' network to be a valuable resource in support of the change

Desire

- Share how the change will benefit the end user (What's in it for me)
- Users participate in providing feedback about the change
- Leadership promotes and supports the change

Knowledge

- Customized training targets unique use cases
- Users have easy access to support
- Reliable information regarding the change is readily available
- Provide access to a champions' network as applicable

- Give users time to perform hands-on practice to gain confidence
- Provide access to a feedback channel
- Users feel equipped with necessary knowledge and confidence to perform their daily tasks

ACM Methodology

Discovery and Assessment

- ➤ Conduct Adoption & Change Management (ACM) workshop
- > Gain an understanding of key business objectives and success metrics
- > Identify key stakeholders and champions
- > Analyze device requirements

Strategy and Design 👺

- > Create Adoption & Change Management (ACM) plans
- > Create awareness campaigns
- > Provide recommendations to accommodate all types of adopters and learners
- > Develop custom end-user training classes based on unique use cases

Execution and Implementation

- > Execute awareness campaigns
- Execute end-user training, both virtual and in-person
- ➤ Distribute post-training surveys
- > Provide white glove service and hyper care

Monitor and Expand

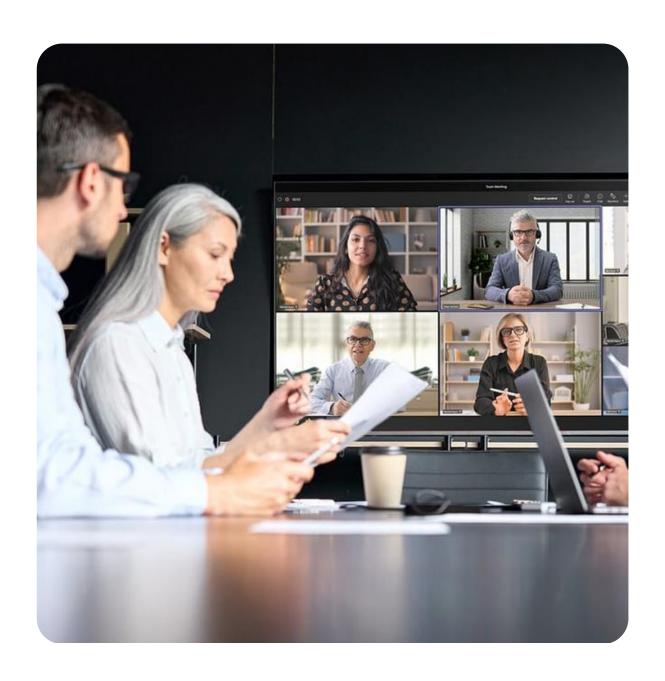

- ➤ Summarize results of post-training surveys
- Review success metrics and ongoing adoption strategy
- > Define regular health checks
- ➤ Conduct additional training for continued education

MICROSOFT TEAMS PHONE

Quick Start Guide - Basics

Microsoft Teams Phone Overview

You can make or receive phone calls directly through Microsoft Teams. Your computer or device's microphone and speaker or a connected headset is used for audio.

Getting Started

MAKE A CALL

- 1. Click Calls from the left side panel.
- 2. On the dial pad enter the number of the person OR type the name of the contact.
- Click Call.

Tips:

- · Your Teams phone number is listed beneath the dial pad.
- You can also initiate a call by clicking on the profile picture of anyone in Teams.

RECEIVE A CALL

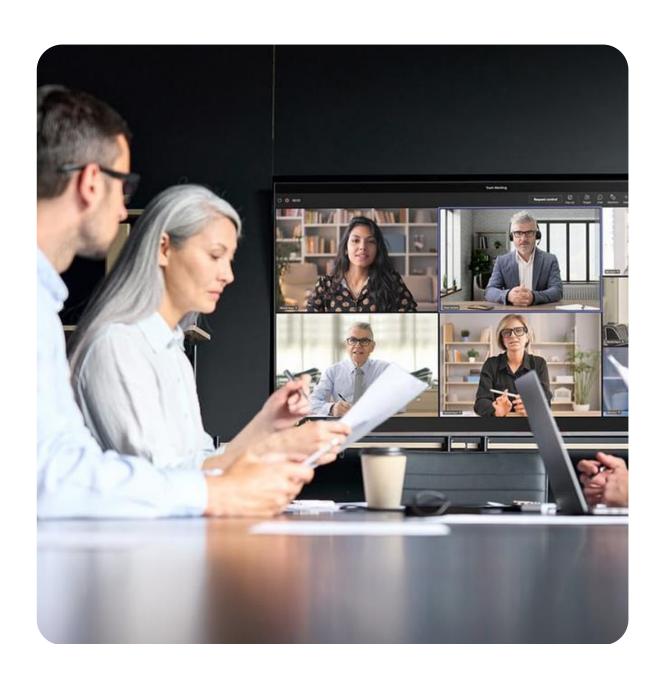

When someone calls you, you'll get a notification that lets you accept or decline the call.

- Click 6 to answer the call.
- Click to decline the call.

Tip: You may also see the option to accept the call and enable video as well \Box 4.

Persona Analysis & Device Discovery

Persona Analysis Overview

Day 1

- ACM Introduction
- Persona Profiles

Day 2 & 3

User Interviews

Day 5

- ACM Plan & Device Suggestions
- Findings & Recommendations

Employee Questions:

- 1. What is your job title?
- 2. What is your work setting/style?
 - Do you work at a stand-alone or shared station?
 - Do you move around a lot, stationery at your desk or a combination?
 - If move around, do you need to be connected for calls or meetings?
- 3. Do you use a desk phone?
 - If yes, what type do you have (if known) and is having buttons on a phone vs
 - If yes, do you use a sidecar? If so, what do you use it for speed dials?
- 4. Do you use a soft phone?
- 5. When/how often do you use your desk phone vs. cell phone vs. soft phone?

Work Style Interviews

Duration: 30 minutes

Please select your preferred date, January 30 or 31 and then select an available timeslot (Notice times are listed in EST) for this 20-minute interview.

OK

Persona Analysis Output

Up to 8 Personas are Identified by:

- Job Titles
- Work Style Setting
- Technology Needs
- Device Needs

PERSONA DESCRIPTION

 Managers and directors who spend most of their days in meetings.

USE CASES & SCENARIOS

 Currently making calls with a headset connected to their PC. May be more successful with a wireless headset that enables them to walk around the office.

Road Warrior

Executive Assistant

Office Collaborator

ACM – Device Discovery

Typical Questions

- Current plan for device deployment?
- Headsets: Required? If so, wired or wireless?
- Desk phones: Required? If so, touchscreen or buttons?
- What work setting (s) need to be considered?
- Preferred Vendor?
