

Microsoft VIVA Employee Experience Platform – Adoption and Advisory

Microsoft VIVA – Employee Experience Platform Adoption : Tech Mahindra

At Tech Mahindra, we believe in a connected world and connected experiences. We thrive on change that is powered by the intelligent symphony of technology and humans designing meaningful and sustainable experiences. We help transform organization's Employee Experience by analyzing the current state and then take part in the transformation journey till the end. It brings collaboration and data-driven insights for individuals, teams and managers.

WHAT WE OFFER

Transform Employee Experience and Productivity using our Microsoft VIVA design strategy program. This helps FastTrack the VIVA implementation which improve efficiency, and increases employee satisfaction. Provide guidance and adoption material for end users.

Redesign your existing Intranet using Microsoft VIVA connections to enhance employees engagement experience and improved collaboration with focused and targeted content built on existing capabilities in Microsoft 365 like Teams, SharePoint, and Yammer

Providing Consultancy service for end-to-end implementations: Current state analysis and requirement gathering, Microsoft VIVA services provisioning, Walk through and Awareness to Viva environment, Awareness session for end-users

WHAT OUR CUSTOMERS ARE SAYING

“Tech Mahindra has been a successful implementer of Viva Connections implementations in our environment. They provided good alternatives to close those gaps and demonstrated mastery of the subject matter, all working within an expected schedule. We would use Tech Mahindra again for a project of this nature.”

– Mary Farmer, Sr IT Manager, Care Stream Dental
