ADDRESSING COMPLIANCE RISKS HEAD ON

ABOUT ECF DATA,LLC:

ECF Data carries out a methodical and strategic approach and offers a full range of services including consultation and planning, managed services, project management, installation, and deployment.

WHAT WE OFFER

Having an integrated method to mitigate and control the privacy and regulatory risks is essential, especially when experiencing an expansion of business-critical data and shifting to remote work.

ECF Data offers the **Microsoft Protect and Govern Sensitive Data Workshop**, which offers the following:

- Data Risk Check report that includes findings and insights from the automated discovery process

- A list of recommendations and actionable next steps that will help mitigate the identified privacy and regulatory risks

- Clear look into Microsoft's approach to mitigating and controlling privacy and regulatory risks.

- Compliance Manager Tenant Assessment report with suggestions and top key improvement actions.

- Set long-term recommendations on your compliance strategy, with key initiatives and tactical next steps

See what customers are saying:

"We cannot simply say no to modernizing our system just because we're worried about all the risks that it comes with. The Protect and Govern Sensitive Data Workshop changed our mindsets and allowed us to be more in control of our data.

~Tony Gage , Vice President of IT, Curaleaf

Why Microsoft 365?

Save your company money

Microsoft 365 is available as a simple monthly subscription. Avoid large up-front costs for new software while moving the cost of IT from capital to operating expense. And without on-premises servers to run email, websites, and document storage, you can reduce energy costs and save by no longer purchasing new server hardware.

Scale your business quickly and flexibly

Microsoft 365 grows with you on the Microsoft Azure cloud. Adding a new user is as simple as buying an additional license, which allows access to business-critical technology on up to five PCs/Macs and five mobile devices. Microsoft 365 provides many plans to fit the right capability needs and price points for each user in your organization.

Technical support

Your Microsoft 365 subscription comes with 24/7 support from a global network of experts, with one-hour response for critical, service-impacting events.

Financially backed SLA

Get peace of mind knowing your services are available when you need them with a financially backed, 99.9% uptime service-level agreement.

Simplified IT management

Reduce headaches by reducing your IT infrastructure. Content lives safely in globally distributed data centers with continuous backup and disaster recovery abilities.

Microsoft 365

Microsoft 365 is a cloud-based subscription service that brings together the best tools for the way people work today. By combining best-in-class apps like Excel and Outlook with powerful cloud services like OneDrive and Microsoft Teams, Microsoft 365 lets anyone create and share anywhere on any device.

Key use cases

Business-class email
Build anything from lightweight websites to multi-tier cloud services that scale up as your traffic grows.

Cloud storage
Rely on geo-redundant cloud storage for backup, archiving, and disaster recovery.

Meet online
Get actionable insights from your data by taking advantage of a fully compatible, enterprise-ready Hadoop service.

Collaborate, chat privately
Accelerate your mobile app development by using a backend hosted on Microsoft Azure.
