

Integrator 2.0

EUVIC Solutions S.A. helps you go through the digital transformation process.

As an integrator of IT systems, we implement digital technologies in all areas of the company's operations to help our partners create a new, competitive strategy based on the latest achievements of the digital sector. The technological innovations that we introduce to our clients completely change the way the company operates so far. As part of supporting enterprises, we use solutions in the field of Industry 4.0, Internet of Things, Machine Learning, Business Intelligence, Process Automation and artificial intelligence (AI).

EUVIC:
GRUPA TECHNOLOGICZNA

WE ARE PART OF THE EUVIC TECHNOLOGY GROUP

The EUVIC Group is a unique business concept which is currently the largest conglomerate of technology companies in Central and Eastern Europe.

The EUVIC Group is a combination of several different IT companies with a complementary offer and rich experience.

OUR PARTNERS

The projects we implement and run are based on the technologies of the world's largest IT producers. We have numerous partner statuses at the gold and silver levels. In 2021, we also received prestigious partnership statuses with VMware - Principal Partner in two areas: Data Center Virtualization and Network and Security as well as with Lenovo - Infrastructure Solutions Platinum Partner.

TECHNOLOGICAL CERTIFICATES

Our engineers hold prestigious certificates. We assume that the key to success is the continuous improvement of our competences. The fact that the team of EUVIC Solutions S.A. regularly participates in certified trainings and constantly expands knowledge in the field of modern IT infrastructure, makes us able to meet the requirements of even the most demanding customers. In the era of ubiquitous digital transformation, being a partner of the largest technology companies allows us to offer only good and proven solutions

ISO

In the years 2020-2021, in order to meet the requirements and ensure proper service for our clients, partners and contractors, we implemented the Integrated Management System ISO 9001 - Quality Management System, ISO 14001 - Environmental Management System and ISO 27001 - Information Security Management System.
