

# airbeld solutions

EMBIO's revolutionary technology in **digital, portable, rapid** diagnostics is powered by AI. By offering intelligent solutions, EMBIO enables professionals across industries to conduct efficient diagnostics, optimize operations, and make data-driven decisions.

Our innovations contribute to increased efficiency, sustainability, and innovation in a wide range of sectors.

## Detect Everywhere

airbeld adheres to the IAQ guidelines and recommendations by WHO and by the European Union Air Standard directive to ensure healthy lives and promote well-being.

## Manage your IAQ device via smartphone, tablet or PC

- Receive complete picture of IAQ in user-friendly app
- Access real-time monitoring of air pollutants of chemical or biological nature
- Be notified when pollutants rise above normal levels
- Collect data and customize reports
- Involve multiple users for device management and control
- Integrate your smart devices with API
