

ASP **AI**

AI FOR EFFECTIVE BUSINESS

Through point-to-point implementation into key business processes, ASPEX AI will allow your business to explore new markets and expand

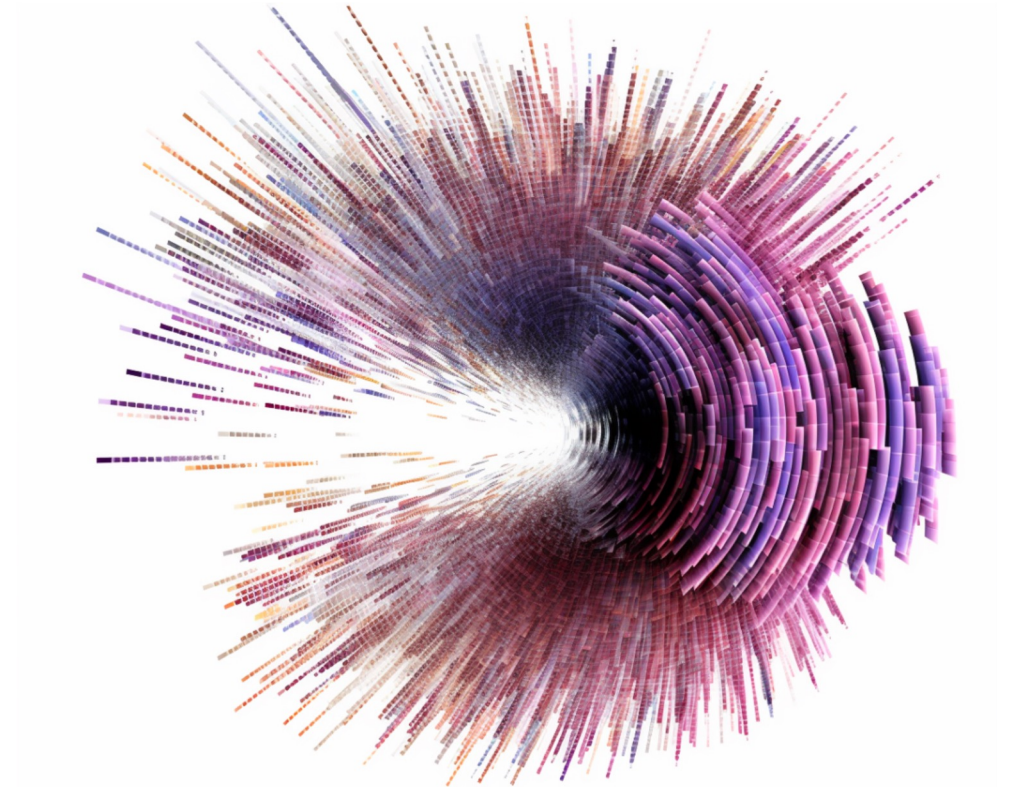

With the help of our ready-made solutions, AI will see your company's data and influence the significant acceleration of processes within it, performing specific tasks and automating your processes.

Our expertise in the field of data protection will allow us to do this in a safe environment with a guarantee of data security

Start using AI today

1. Increase operational efficiency and reduce costs
2. Speed up the decision-making process
3. Increase your competitiveness
4. Open up new opportunities for your business
5. Increase customer loyalty

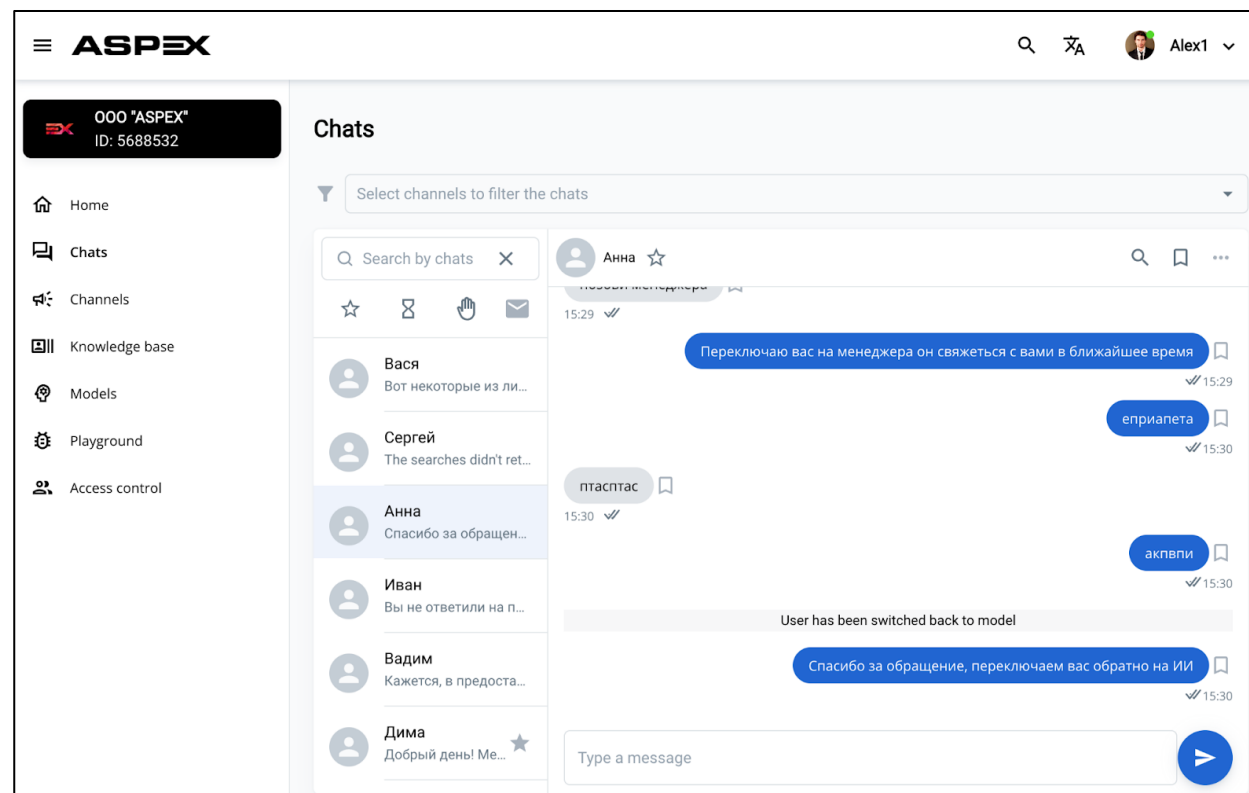

Convenient Admin Panel

Here you can customize the AI for your tasks

Connect the AI to multiple communication channels

Connect your bots to :

1. Telegram
2. WhatsApp
3. Microsoft Teams
4. Your website
5. Other 40+ sites

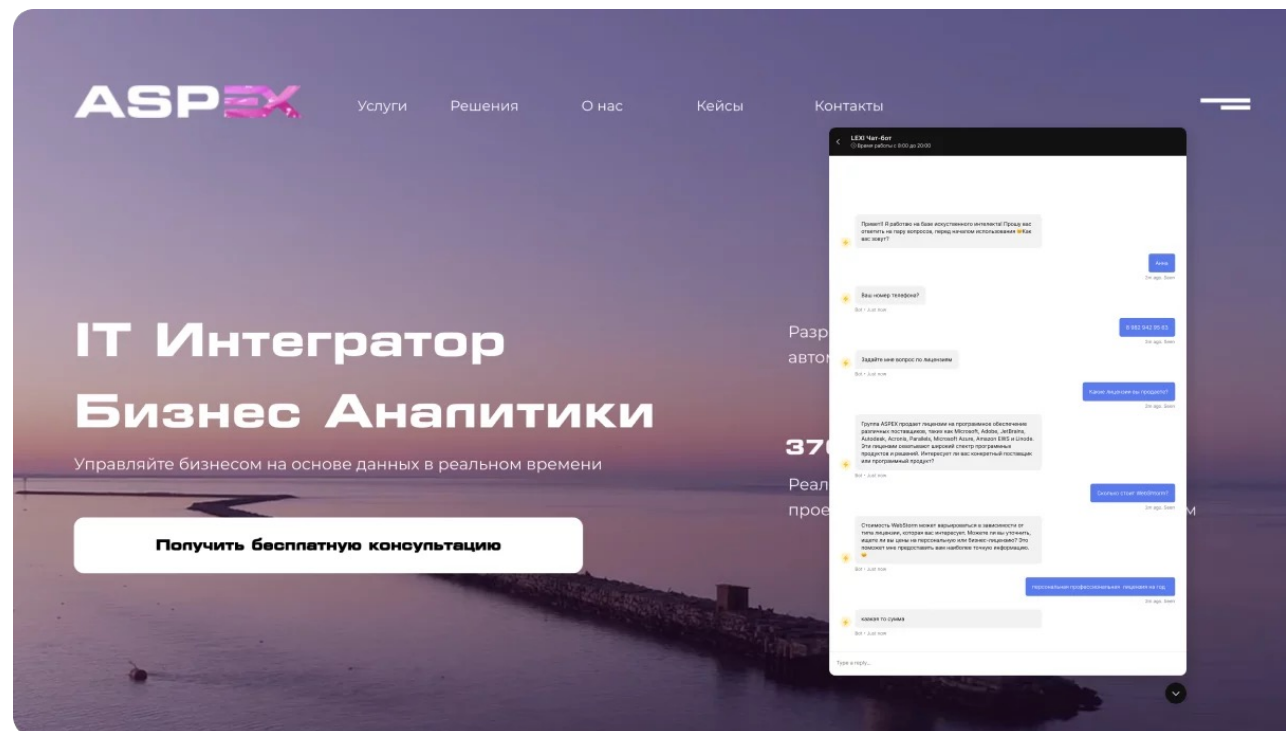

Convenient Admin Panel

Especially to your website

Connect your bots to :

1. Telegram
2. WhatsApp
3. Microsoft Teams
4. Your website
5. Other 40+ sites

Convenient Admin Panel

Here you can customize the AI for your tasks

**AI can process
any amount of data and answer
based on that information**

Upload data about your:

1. Goods and services
2. Manufacturers
3. Warehouse stocks
4. Products

The screenshot displays the ASPEX Admin Panel interface. At the top left, the ASPEX logo is visible. Below it, a dark box contains the text "ООО 'ASPEX'" and "ID: 5688532". The left sidebar lists navigation options: Home, Chats, Channels, Knowledge base, Models, Playground, and Access control. The main content area is titled "Model management" and shows a breadcrumb trail: "Home - Models - Model management". Below this, there are tabs for "Model", "Knowledge", and "Training", with "Knowledge" selected. A table lists knowledge items with columns for "Category / File", "Description", "Size", and "Created date".

Category / File	Description	Size	Created date
▶ Категория 2			12.01.2024
▶ Категория 4			12.01.2024
▶ Категория 14			12.01.2024
<input checked="" type="checkbox"/> new.xlsx		6.29 kB	15.01.2024

No question will go unanswered

You can view and control customer experience by interacting with the client:

1. Mark and search selected posts
2. See whether the client is waiting for a response
3. Know when a manager's help is required
4. See new messages and how the customer is interacting with the bot

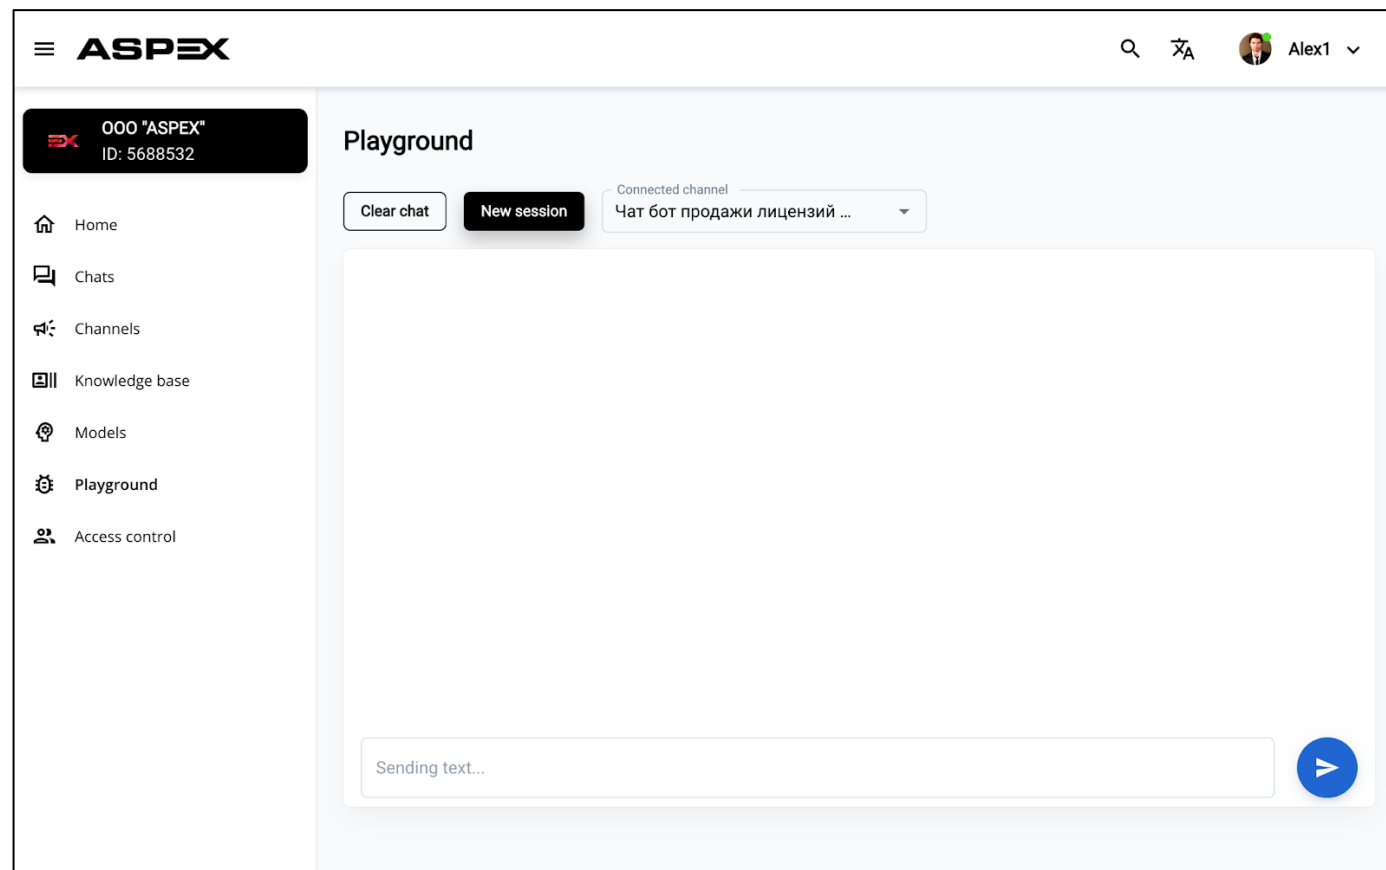

Convenient Admin Panel

Here you can customize the AI for your tasks

Test the AI before launching

Check the correctness of the responses after uploading new data to the AI model

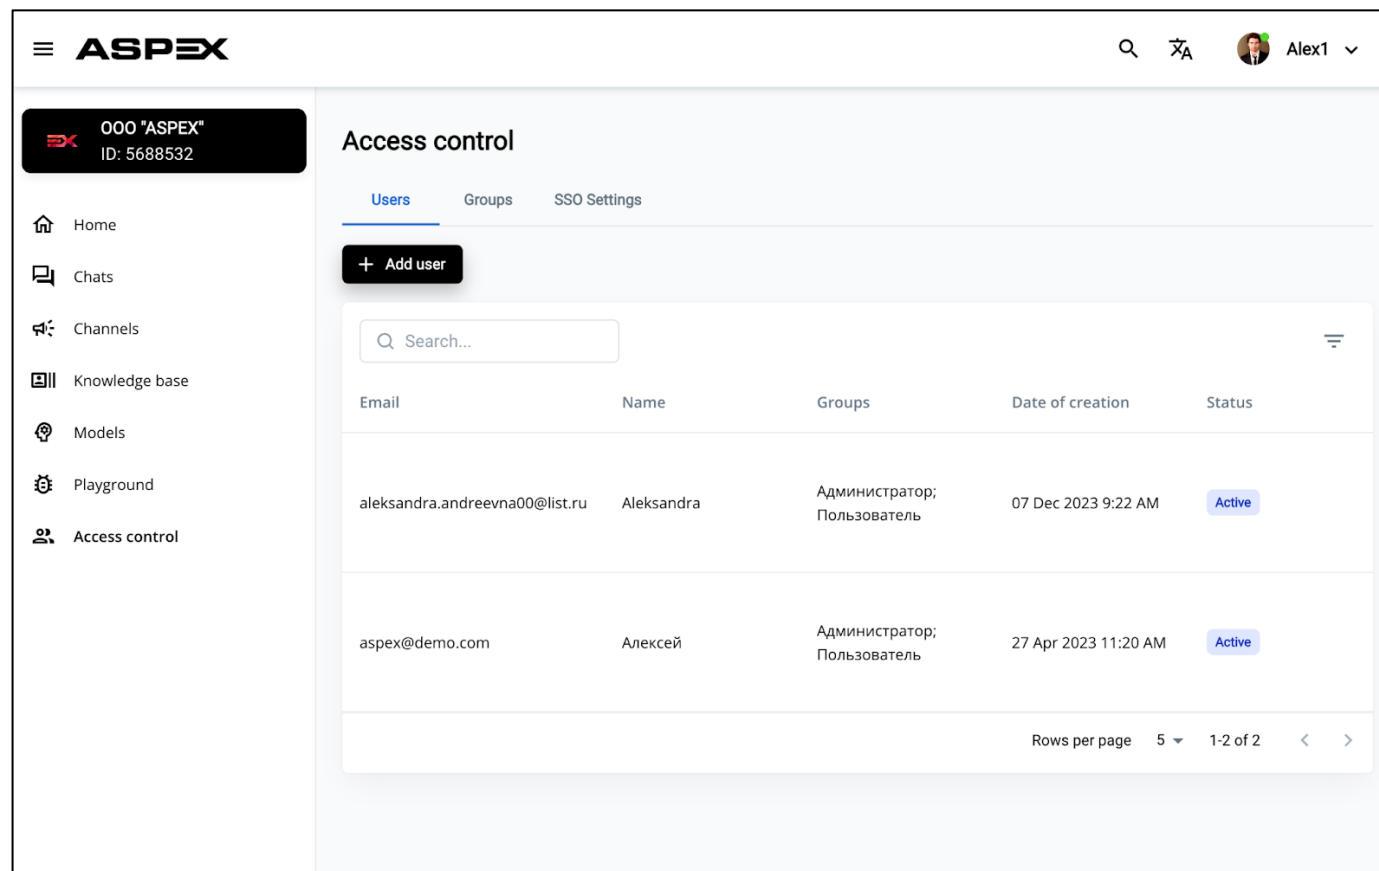

Convenient Admin Panel

Here you can customize the AI for your tasks

Connect employees to the control panel

1. Assign roles to users
2. Create user groups
3. Set up ways to log in to your Personal Account

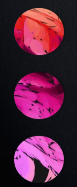

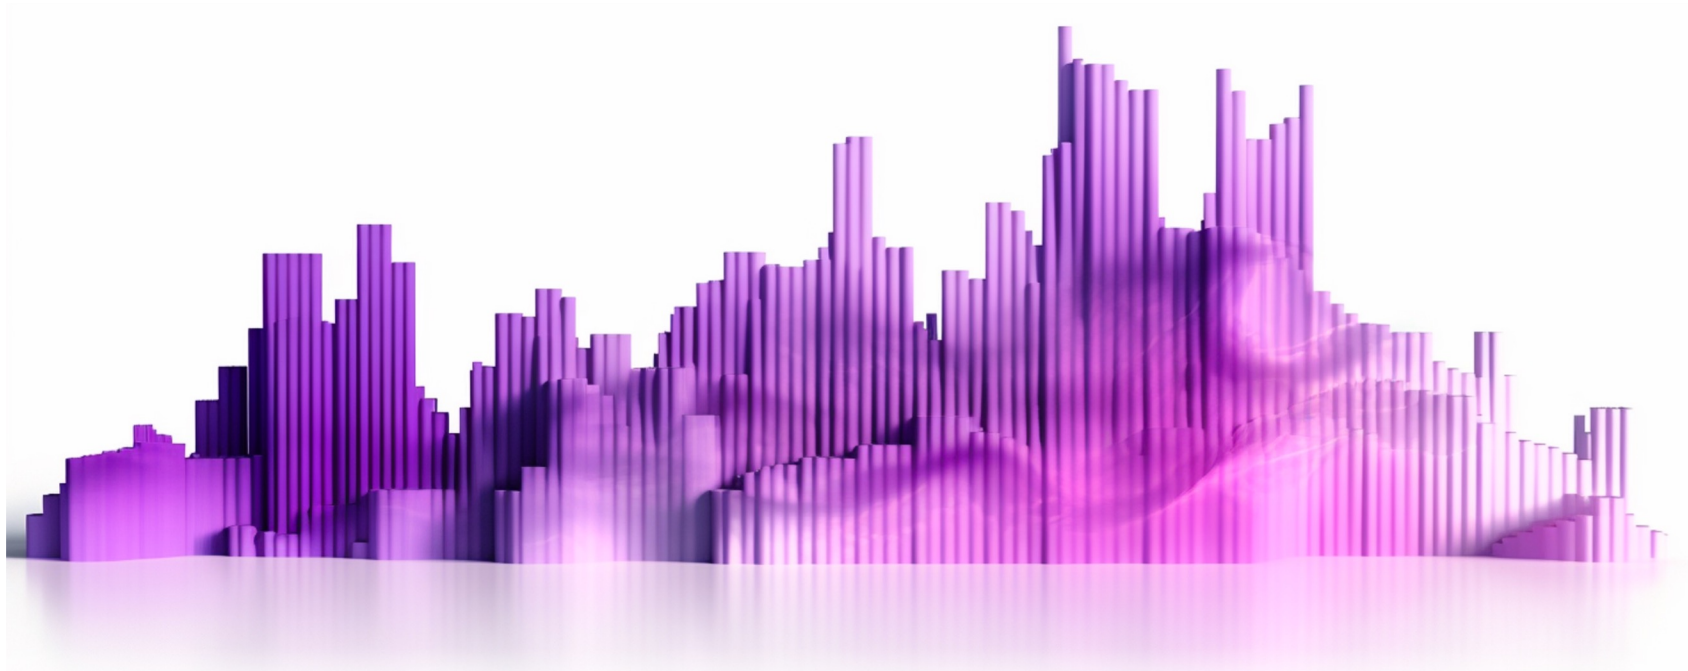

The screenshot displays the ASPeX Admin Panel interface. The top navigation bar includes the ASPeX logo, a search icon, a user profile icon for 'Alex1', and a dropdown arrow. The left sidebar contains a navigation menu with items: Home, Chats, Channels, Knowledge base, Models, Playground, and Access control. The main content area is titled 'Access control' and has tabs for 'Users', 'Groups', and 'SSO Settings'. Below the tabs is a '+ Add user' button and a search input field labeled 'Search...'. A table lists the current users with columns for Email, Name, Groups, Date of creation, and Status. The table contains two entries: one for 'aleksandra.andreevna00@list.ru' (Aleksandra) and one for 'aspex@demo.com' (Алексей). Both users are listed as 'Администратор; Пользователь' and have an 'Active' status. At the bottom right of the table, there is a pagination control showing 'Rows per page 5' and '1-2 of 2'.

Email	Name	Groups	Date of creation	Status
aleksandra.andreevna00@list.ru	Aleksandra	Администратор; Пользователь	07 Dec 2023 9:22 AM	Active
aspex@demo.com	Алексей	Администратор; Пользователь	27 Apr 2023 11:20 AM	Active
