

POWER PLATFORM USE CASE ASSESSMENT

A free 2-hour session to identify use cases and opportunities for automation efficiency.

OVERVIEW

Our Power Platform Use Case Assessment will help you validate if the Power Platform is the right fit for your organization. Ahead of our call, Root16 will provide a catalog of key use cases and opportunities for automation. All you need to do is come prepared to talk through which use cases are most relevant to the challenges you're facing in your business and have a high-level understanding of the architecture of the systems involved. We'll do the rest.

OUR PROCESS

Our process is simple. In a 2-hour meeting with you and your team, we'll learn more about your business challenges and your desired future state. Out of the session, we'll identify potential options on how you can utilize the Power Platform to achieve the results you're looking for. At the end of the assessment, you'll walk away with a clearer understanding of what the Power Platform can do, and how it can help you solve your business challenges.
