Modern Work

Copilot for Microsoft 365 is a game-changer

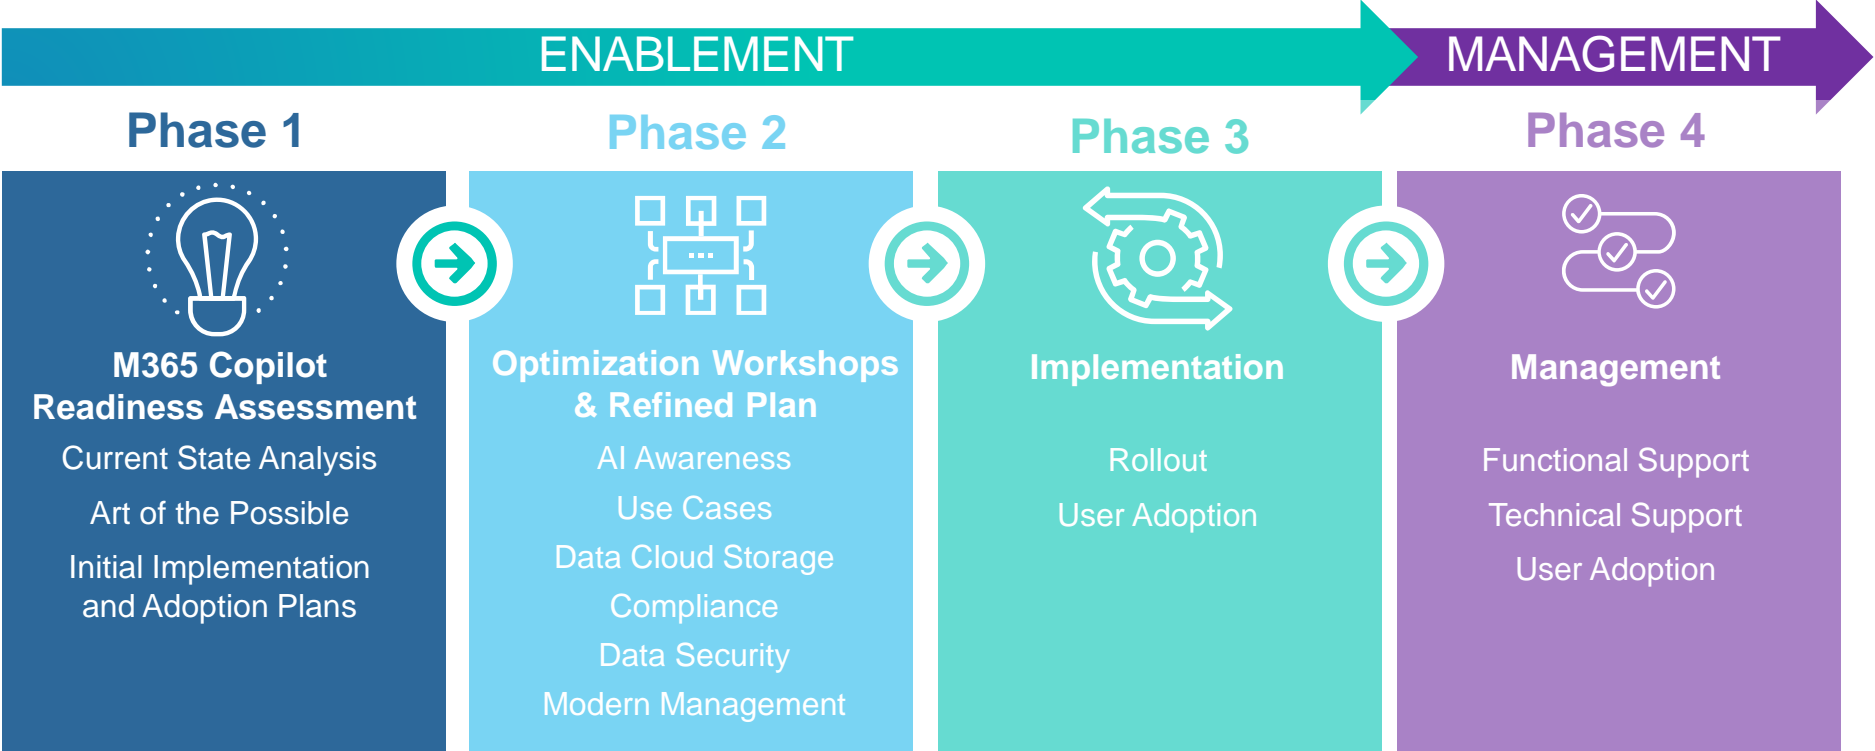

CTG is here to help you prepare for implementation and adoption using a holistic approach

With our tailored 3-session workshop, we will:

- Work with you to understand your current environment
- Review your unique business goals and challenges
- Outline high-level steps and actions needed to ensure a successful implementation

Our Microsoft 365 Copilot Approach

A consultative and thorough approach can produce maximum results

Microsoft 365 Copilot Workshop

Customer Audience
Senior BDMs, Managers, End Users,
LOB Leaders and ITDMs

Partner Participants
Architects, User Experience Leads

Assess

Define scope, identify business stakeholders, and gather information on key business scenarios. Complete and review readiness assessment and guidance.

Art of the Possible

Showcase the intelligence added to employee experiences by unleashing creativity, unlocking productivity, and leveling up skills (included in the demo).

Build the Plan

Develop a plan to implement recommendations based on prioritized scenarios. Define next steps and timeline to develop and implement the solutions.
