

# It all starts with an idea.

## The World-Leading Online Mind Mapping Solution

Meister's award-winning collaborative mind mapping software now has over 24 million users around the globe. Since 2007, an astounding 1.5 billion ideas have been generated with the software, demonstrating its value as a collaborative ideation space.

Our stunning redesign of the map editor – Project Panda – means that mind mappers everywhere can structure their thoughts, plan projects, and find creative solutions in a beautiful new interface.

Users can choose between a free Basic plan and three paid plans. Each plan offers maximum functionality at the perfect price. Enjoy unlimited maps in Personal, or map in real time with multiple users in Pro. For ultimate team mind mapping, you can manage teams of any size with MindMeister Business. Whichever plan you pick, MindMeister will improve productivity, creativity and collaboration for everyone who uses it.

Notable MindMeister users include SAP, Oracle, CNN, Philips and Vodafone. MindMeister has been recommended by publications including the New York Times, Forbes, Zapier, LifeHacker, Entrepreneur, CIO and Business Insider.

MindMeister runs in any standard web browser and offers native mobile apps for iPhone, iPad, Apple Watch and Android devices.
