eGroup | ENABLING TECHNOLOGIES

together we make IT happen

LEARN HOW TO CREATE, ENFORCE, AND AUDIT POLICIES

with eGroup Enabling Technologies' Azure Governance Workshop

eGroup | Enabling Technologies will provide workshop services adhering to the Microsoft Cloud Adoption Framework (CAF) standards to deliver actionable recommendations and financial understanding. The engagement includes setting the Foundational Alignment during Envisioning, reviewing Azure workloads, and building the Azure Governance Roadmap. At the conclusion of this engagement, our team will deliver the Azure Governance Roadmap and work with the customer to determine the next steps in their cloud journey.

DEPLOYMENT METHODS & OPERATIONAL MODELS

- Automate deployments using DevOps and Infrastructure as Code (IaC)
- Ongoing best practices for management that fit business needs with Organizational Readiness Assessments
- Monitor, scale, and performance improvement

SECURITY & ROLE-BASED ACCESS CONTROLS

- Control users and groups by role for secure access to Azure resources
- Use Entra ID Protection for workflow-approved time-bound elevated access
- Benchmark against popular security frameworks for policy enforcement
- Threat detection and response services

REGULATORY & DATA SOVEREIGNTY REQUIREMENTS

- Compliance standards and data protection laws
- Data sensitivity, classification, and encryption requirements
- Geographical considerations and sovereign cloud use cases

GENERAL ORGANIZATIONAL POLICIES

- Enforce compliance with the organization's standards through policies
- Services and workload lifecycle
- Incident response and reporting

SUBSCRIPTIONS, COSTS, & AZURE SPEND MANAGEMENT

- Billing containers for organizing resources and tagging
- Cost Management + Billing hub for reporting, forecasting, budget alerts, and showback/chargeback
- Reserved Instances, Savings Plan, Dev/Test, and resource deallocation
- Azure Advisor

UNDERSTANDING YOUR BUSINESS NEEDS

- Gather information on key business scenarios
- Define scope
- Identify business stakeholders
- Introduce Azure Governance

DEVELOPING A TECHNICAL VISION

- Showcase cloud investment optimization
- Azure Governance overview with selected pathways
- Demos and immersive experiences

BUILDING AN ACTIONABLE PLAN

- Build upon your newfound knowledge and pair it with your unique business challenges
- Prioritization of scenarios and next steps built into a plan
- Delivery of the Azure Governance Roadmap and determination of the next steps in the cloud journey
